PURSUIT is published once a year and covers events from July 2021 till June 2022.

Message from the EDITOR

The first thought that crossed my mind when the government announced the loosening of pandemic related restrictions was that our students can finally come back to our campus. My colleagues and I have missed having the students around and we really looked forward to see them in person again.

Indeed, in the past 2 years, all of us have learned so much and opened our eyes and hearts to many wonderful experiences. We even had our first ever Victoria University Melbourne Student Speaker representative at the virtual graduation ceremony held in July 2021. I remember watching the broadcast at home and being very proud of our student and her coursemates.

We also launched an unprecedented Lab@Home campaign to ensure that our students hone their laboratory skills in preparation for their science practical exams. Hundreds of our pre-university students set up their very own 'science laboratory' at home at the peak of the pandemic; with apparatus painstakingly packed by our Science Laboratory colleagues and subject lecturers.

As much as online classes and meetings have brought us convenience and helped us tide over the early days of the pandemic, nothing beats going into a classroom full of anticipation. My colleagues and our students have kept themselves very busy since early this year. We wasted no time in organising various activities and outings for our students, whilst still keeping in mind safety practices as the nation transitions to an endemic phase.

It is truly a joy to see our students laughing together and getting to know each other better on campus after having only interacted online. We are confident that the days ahead will once again be filled with joy, learning and achievement.

Veronica is Malaysia's student rep at VU Graduations 2021

Sunway JB VU graduate, Veronica Beins was given the honour to represent the Malaysia cohort of 2020 to speak at the Virtual Graduation Ceremony held on 10 July 2021. The Covid19 pandemic had prevented the ceremony from being held physically but Veronica delivered an excellent message nevertheless and did us very proud!

Lab@Home Initiative

- a 'thinking out of the box' solution!

The Pre-U lecturers and Science Lab team were adamant that students would not be disadvantaged during the Covid19 lockdown and put their heads together to make the Lab@Home initiative a reality. All students undertaking Biology, Chemistry and Physics subjects across the AUSMAT, Cambridge A-level and MUFY programmes participated in the Practical Emphasis Month held from between July-August 2021, where students could bring the lab home!

The initiative involved preparation and packing of over 15,000 items.

▶ Going the extra mile by delivering the Lab@Home kits to students who could not self-collect their items.

▲ Students, with the help of supportive parents collected the Lab@Home kits via drive-thru.

Career Exploration Month Goes Virtual

SUNWAY
COLLEGE Johor Bahru

CAREER
Exploration Month

Hear our 8 guest speakers from different industries share their personal and professional journeys to help you expand your career options, learn how to overcome your career dilemma and make an informed career decision. All happening in August!

Career Exploration Month Schedule

Date Time	Speaker Introduction
7 Aug, Sat 2:00 pm	Lin Bing Jie Sunway College JB Alumni Currently pursuing Psychology at Sunway University Bing Jie will share about her decision-making journey which will touch on why it is important to 'study what you love' and how she overcame the dilemma of choosing passion over money.
7 Aug, Sat 4:00 pm	Wong Pin Hong Sunway College JB Alumni Currently pursuing Aeronautics and Astronautics at University of Southampton Hear about what inspired Pin Hong to choose aeronautics and his study experience in the UK. He will also share about how his current attachment with a crime-reporting NGO in India is expanding his options and encourage career exploration.
14 Aug, Sat 2:00 pm	Jaymie Leong Governance & Compliance Manager at Straeq Group of Companies Jaymie's decision to pursue IT initially met with disapproval by her parents. Joining the workforce of this male-dominated industry in the early years, she had to overcome many challenges. Jaymie will also share about career opportunities in a software development company.
14 Aug, Sat 4:00 pm	Woon Shi Shien Sunway College JB Alumni Currently pursuing Medicine at Universiti Malaysia Shi Shien is actively involved in the UM Medical Society and will share why this is helpful in enhancing his career. Also understand how he was inspired to pursue this noble profession and hear him share about the obstacles and challenges faced throughout his studies.

The Guidance and Counselling unit collaborated with Placement Support to deliver a virtual Career Exploration Month. The sessions were delivered by speakers across a variety of career fields including Sunway College JB alumni. This unique event offered different perspectives of how career choices were made and personal sharing on how it was necessary to pivot when things did not go according to plan.

ACCA Students are Champions of Accounting Competency Challenge 2021

Team Wodania - Lim Zhi Shao, Lim Wei En, Chung Yi Xuen and Wong Dek Ken from the ACCA programme emerged champions at the virtual Accounting Competency Challenge 2021 organised by the Beta Gamma Sigma UUM Chapter (BGS) of University Utara Malaysia in August 2021.

Physical Sporting Activities Resume with a Badminton Tournament

The gradual easing of Covid19 SOPs saw the return of physical sporting activities, starting with a much anticipated Badminton Tournament.

To allow more shuttlers the opportunity to participate within the short duration permitted, only doubles categories were played amidst strict safety measures including a mandatory self-test upon arrival before the games commenced.

Lights Out at SCR for Earth Hour!

Earth Hour is a global initiative by the World Wildlife Fund, encouraging all of us to be accountable for our ecological footprint. This movement aims to spark conversations, ideas, and solutions addressing environmental challenges and to make the world a better place.

The Sunway College Residence community came together to do their part by switching off all non-essential lights from 8.30pm to 9.30pm on Saturday, 26 March and taking the opportunity to gather outdoors for some candle-lit fun!

Staff and Students Heed National Call to Give Precious Blood

The campus community banded together in response to the call for blood following reports by the National Blood Centre (Pusat Darah Negara) on the depleting reserves. Student Services took the lead by initiating the collaboration with Hospital Sultan Ismail and successfully achieved the targeted number of bags ahead of schedule!

Student Leaders ‘Camp-out’ on-campus for Teambuilding

Fancy camping “indoors”? It was surely a new experience for the 30 students holding leadership roles in the various student bodies including clubs and societies.

The activity which brought student leaders together for fun and games as a platform to forge closer ties and build team spirit between the different student-led movements, was held on-campus but required the participants to sleep in tents which they had to pitch themselves as part of the experience!

VU’s Block Model arrives in JB

Following its successful implementation at the VU campuses in Australia, off-shore providers of VU undergraduate programmes such as Sunway College Johor Bahru are now taking the lead in rolling out this ‘New Way To Do Uni’ which will take effect from the July 2022 semester for newly enrolled as well as current students alike.

A launching ceremony was held for prospective students, school principals, guidance counsellors and the public on 19 June, in conjunction with celebrating 15 years of the VU business degree programme being offered at Sunway College Johor Bahru. Visitors and guests received door gifts comprising VU premiums, in addition to chances at a lucky draw which was held at the end of the launching ceremony.

Most importantly, everyone who attended the launch left with a better appreciation of the VU Block Model and agreed unanimously that students would benefit from this excellent change in the way university learning would be conducted. With Block Model, students can be confident to start well, and finish brilliantly!

THE NEW WAY TO DO UNI

Ling Family Siblings

CONTINUE THEIR TRADITION OF EXCELLENCE

Chloe Ling Chun Fern from Sunway College JB's AUSMAT 2021 cohort did not only live up to her family's expectation, she exceeded this and captured the hearts and minds of her lecturers and everyone who knew her.

She is third in line from a family of four siblings, with elder siblings who were equally impressive and academically excellent. Eldest sister **Carisa Ling Chun Yue**, was top achiever of her AUSMAT 2016 cohort who went on to pursue medicine at Monash University and recently commenced her housemanship in June. **Christine Ling Chun Hui** joined Sunway College JB in 2018, choosing to enrol for the Cambridge A-levels and achieved 3A* 1A, earning her offers from several universities before deciding on Nanyang Technological University (NTU) Singapore where she now pursues Biological Chemistry.

"Pre-U studies at Sunway College JB was an obvious choice because my two older sisters had also studied here so I was well aware about the quality of education and the pleasant environment, making it an easy decision for me." explained Chloe who achieved 9A+ for her SPM examinations in 2020 and received the JPA sponsorship to pursue her AUSMAT.

Early into studies, she was quickly singled out by her English as an Additional Language or Dialect (ELD) lecturer, Ms Emmy Jong for her proficiency in the language and nominated Chloe to participate in the Virtual International Language Competition (VILC) English Essay Writing Competition organised by the Academy of Language Studies, UiTM Johor campus. Chloe wrote a piece which showcased her impeccable use of language, depth of thought and her ability to synthesise ideas from her research in support of her arguments which bagged her second placing!

Hence, it came as no surprise when Chloe received the Special Subject Certificate of Excellence in English as an Additional Language or Dialect for the 2021 examination sitting. She also achieved ATAR 97.30 and was ranked third highest among her cohort. We have no doubt her parents are pleased as her lecturers are proud of what Chloe has accomplished despite the challenges of hybrid learning amidst the Covid19 pandemic.

The Ling family, from L to R : Mr Ling, Chloe, Cheryl, Christine, Carisa and Mrs Ling

Along with great achievements come difficult decisions as Chloe now faces the dilemma of choosing between her many offers from outstanding universities including King's College London, University of Bristol and Monash University to read law. She is however, also looking into the option of pursuing liberal arts and has yet to make her choice for now.

Congratulations
