

# FUTURE P R O

Sunway College will soon be standing on a 20 acre land in Bandar Sunway. The college to be built in two phases, will on completion, consist of two main blocks, a hostel and a football field. It will be ideally located on the edge of a big blue lake amidst a panoramic waterfall with the proposed Industrial Park on one side and magnificent condominiums on the other.

Work on the first phase, which is estimated to cost about 22 million, is expected to begin soon. The earth breaking ceremony will be held sometime in October this year.

Block One, which consists classrooms, laboratories, staff room, seven lecture halls, a library and office block, is expected to be ready by June 1990. The proposed hostel which should accommodate a thousand students may also be ready along with Block One.

Work on the second phase will begin in 1992 and would be identical in structure to Block One. Together, the two blocks would be able to accommodate about 10,000 students in time to come. Sunway College will stand majestically in Beautiful Bandar Sunway as the pride of SungeiWay.
