## Message from the Chancellor

**Y.Bhg. Tan Sri Dato' Seri Dr Jeffrey Cheah A0**

Founder and Chancellor  
Sunway University

Founder and Chairman  
Sunway Education Group

Founding Trustee  
Jeffrey Cheah Foundation

**Today you celebrate an important milestone and the start of a new journey ahead. Time flies, and I am sure for most of you it seemed like it was only yesterday that you started your education journey with us. We hope your time here has been fruitful.**

While I am on the subject of journeys, the Sunway Education Group (SEG) has come a long way. This year, we celebrate 30 years of academic excellence, having started out with one institution – Sunway College in 1986. We opened our doors to the first cohort of students in 1987, and established a reputation as a pre-eminent private higher education provider today. A pioneer of twinning and credit transfer programmes, Sunway offered Malaysian and international students the opportunity of obtaining well-recognised international university qualifications from the United Kingdom, Australia and the United States of America here in Malaysia. We continue to do so today.

From that one institution, we have now grown into Sunway University and formed the SEG that currently comprises 16 institutions. We have come a long way, but we would not have come this far if not for you, our students, and your parents who have placed your trust in us over the years. We thank you all for your belief in us, for learning and growing with us, and for sharing a chapter of your lives with us.

In keeping with our commitment to excellence, we are continuing to grow; constantly improving our curriculum and charting a new course with contemporary new programmes. Through various collaborations with world-renowned universities and training institutions such as Lancaster University, Harvard University, University of Oxford, University of Cambridge and Le Cordon Bleu, we are taking your alma mater to new heights.

Holding firmly to our motto '*Fortuna Eruditis Favet*', which translates to 'fortune favours the prepared mind', Sunway University aims to nurture young adults to be not just academically exceptional but also to be socially inclusive and compassionate people, eager to contribute towards building a better society and country. Our students and

alumni are encouraged to volunteer and take part in community service projects, contribute towards helping the less fortunate and promote the concept of sustainable development. Through scholarships offered by the Jeffrey Cheah Foundation, we also hope to provide deserving students a path to a better and brighter future for themselves, their families and their communities.

With the establishment of the Jeffrey Sachs Center on Sustainable Development (JSC) on campus, we are taking our commitment towards building a better tomorrow one step further. Through the JSC, we seek to provide programmes to train a new generation of young people, practitioners and policy leaders; link with universities, industries, government bodies, NGOs and social enterprises around the world on sustainable development; and be the hub for research and policy practice.

We also serve the community through various academic learning, hands-on and experiential learning activities. With internal and external events in collaboration with the Center for Asia Leadership, University of Oxford, University of Cambridge and Harvard University, students, staff and members of the public are provided ample opportunities to learn from internationally renowned experts on a wide range of topics. We will continue with these initiatives so that many more people will continue to learn and grow with us.

**I hope all of you will continue to practice what you have learned at Sunway. Go out into the World and make a difference that will positively impact those around you, your community and your country.**

Congratulations Class of 2017!

## Message from the **Vice-Chancellor**

### **Professor Graeme Wilkinson**

Vice-Chancellor  
and  
Chair of the Academic Senate  
Sunway University

**It gives me very great pleasure to offer my congratulations to the graduating class of July 2017!**

You have all reached the end of a long road of study, hard work and assessment and have proved that you have the knowledge, skills and personal capabilities to be highly successful professionals in today's high pressure World. All of the staff of Sunway University, and from the Sunway Education Group more widely, congratulate you on your achievement and wish to thank you for coming to Sunway to undertake your higher education studies.

Your achievement is indeed yours alone, but I'm sure you would wish to spare a few thoughts of gratitude for those who have helped you along the way. This includes your parents, guardians, and friends, as well as the staff whose dedication and outstanding commitment have helped you get to where you are today.

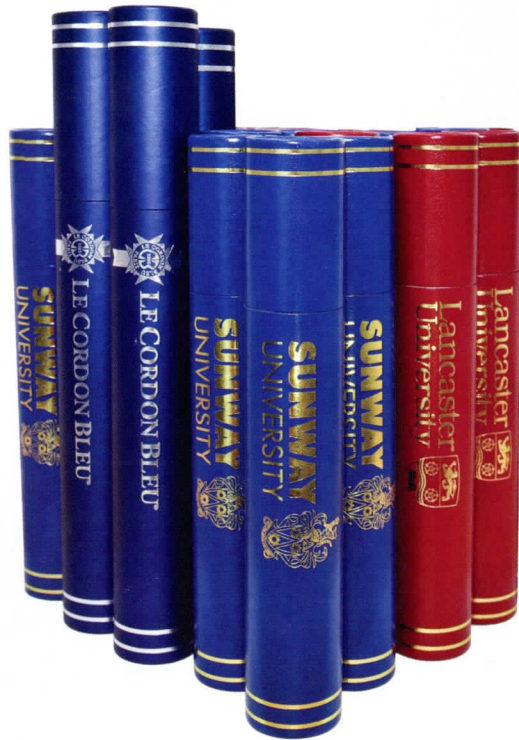

**Now you begin the next phase of your life in which you will build on the success already attained. Whatever subjects you may have studied at university, there are many possible paths to take from here onward. You may encounter opportunities and successes, as well as disappointments and setbacks. But I hope you will have learnt one important message from your time at Sunway: never**

**give up and keep persevering in the face of challenges and adversity. If you do that, the rewards will surely come to you. Life can be unpredictable, but you now have the training and expertise to make the most of it.**

I want you to know that your university is continuing to make great strides in its development and is increasingly recognized internationally for its academic quality and achievements. You will see more developments in the years to come, and I trust that you will not forget us but to follow our growth and to consider yourself an integral member of the Sunway family. Go out and spread the good word about your experiences and help your university become even more famous and highly regarded as the years go on. You will all benefit from that.

Wherever you are going next, may I take this opportunity to congratulate you once again, and to wish you a very successful career and fulfilling life ahead. It has been our pleasure to educate you and to help you on your journey towards your ultimate dreams.

Well done to you all, and my very best wishes for the future!

# The Graduation Ceremony

The formal conferring of university degrees goes back to medieval times in Europe, when scrolls, signifying their achievements, were granted to the graduates with great pomp and ceremony, reinforcing their rank, privileges and responsibilities in a highly stratified society. Graduation ceremonies were very rowdy affairs, however, exemplified by the lowering of a large wooden spoon, from the balcony in the Senate House in Cambridge, to the graduate who came bottom of the class in the Mathematics Tripos.

Nowadays such behaviour is frowned upon and the ceremonies have the dignity which befits the occasion. Special ceremonial robes are worn signifying, in the case of degrees, status as a bachelor, master or doctor, and the hoods, derived from medieval dress, signify the discipline or institution of the degree. A sash rather than a hood, worn over a black gown, signifies a diploma.

# Academic Dress

The academic dress adopted by the universities of the Commonwealth follows the style of Oxford or Cambridge. Sunway University has adopted the Oxford style which, for bachelor and master degrees, a black gown and hood lined with satin, are worn with a mortar board. The design of the hood helps distinguish between bachelor and master. The hoods for both bachelor and master use the colours of the University; cyan blue, vivid orange and authentic grey.

The same colours are used in signifying diplomas but, instead of a hood, a sash is worn.

The PhD gown with bell-shaped sleeves is in bright orange with blue and grey trimmings, representing the colours of the University. The front trimming of the gown is embellished with the University's Coat of Arms and the gown is worn with a soft-crowned round-brimmed bonnet.

## The Coat of Arms

Responsibility for the granting of Coats of Arms has rested with the College of Arms in London since AD1484. Applicants are considered by the Garter King of Arms, and if he deems the individual, family or organisation to be worthy of this distinction then the Arms are duly granted. Registers are maintained to ensure that new designs are unique and that existing designs are protected.

In 2005, the Board of Sunway University (formerly Sunway University College) resolved to seek Arms from the College of Arms, and in May 2006, a grant of Arms to Sunway was approved.

The main elements of a Coat of Arms are the crest and the shield. Mottoes do not form a part of a grant of arms, but most grantees choose a succinct statement which represents individual or organisational statements of purpose or values.

The Sunway University *shield* contains three geometric shapes known as “piles”, each “charged” with a golden sun. Together, the piles form a “W” and, with the suns, the device suggests the name Sunway. The stylized suns have a slight resemblance to the star on a blue background that appears on the Malaysian flag.

The *crest* is more obviously symbolic of Malaysia, consisting, as it does, of a Malaysian tiger. It is shown holding a torch, often used in heraldry to symbolize learning and teaching.

Our motto “*Fortuna Eruditio Favet*” derives from Louis Pasteur’s famous phrase “*la chance ne sourit qu’aux esprits bien préparés*”. Pasteur, commenting in 1855 on Oersted’s “chance” discovery of electromagnetism, expressed the view that chance discoveries take place only in the context of a prepared mind. We have adapted the phrase to read “Fortune Favours the Prepared Mind” and this was translated into Latin by Professor Thomas N Mitchell, Provost and Professor of Latin at Trinity College Dublin.

## The Mace

In the medieval Europe, the mace was a weapon carried into battle by knights and warlike bishops, reflecting their status and prowess in the field. In the university context, it was carried as a weapon to protect the Chancellor, but it has now evolved into a purely ceremonial device signifying the dignity and authority of the Chancellor.

Designed by Royal Selangor Pewter Sdn Bhd, the Mace is 4.5ft in length. It is made of pewter in bright finish and its interior is supported by teakwood. Relevant parts are highlighted with 24-carat gold plating. The head of the Mace is a shining sun in gold plate and, directly underneath, the University’s Coat of Arms is hand chased in relief on 925 sterling silver. The progressive “S” and hibiscus flower motifs, also hand chased on silver and gold, represent the parentage of Sunway University, and the identity of Malaysia respectively. A crystal stone is set at the beginning of the name of the institution to mark the front section of the Mace.

The Mace rests on a nyatoh wood base in mahogany finish to complement the Chancellor’s Chair.

## The Chancellor's Chair

The Chancellor's Chair is made of solid nyatoh wood, and finished in satin mahogany lacquer. The seat, backrest and armrests are wrapped with natural rich brown leather from Germany.

The Coat of Arms of the University, in a highly sculptured relief on a finely textured background, and cast in pewter with gold plating, is placed at the apex of the backrest. The apex itself is modelled on the upper part of the portico of the then Sunway University building.

## The Chancellor's Desk

The Chancellor's Desk is mostly hand-built with the same Malaysian top hardwood, nyatoh to complement the Chancellor's Chair. With the selected design, the timber was machine-cut beading, and hand polished and vanished in mahogany lacquer. The decorative gold motifs around the Desk are computer numerical control cut from the solid timber and finished with gold coat. The Desk is 175cm in length by 75cm in depth and 75cm in height.

**SUNWAY  
UNIVERSITY**

# SUNWAY UNIVERSITY

Sunway University has its origins in Sunway College, founded by Y.Bhg. Tan Sri Dato' Seri Dr Jeffrey Cheah AO, in 1986 to provide opportunities for young Malaysians to obtain higher education and training at the certificate, diploma and degree levels, especially in areas of national need. The first intake of students in 1987 numbered about 200, enrolled in degree studies leading to bachelor degrees from a number of foreign universities. These courses were delivered through the 'twinning' arrangements, pioneered by Sunway College, whereby students spent one or two years in Sunway and then transferred to the foreign university to complete their degrees. Degree programmes of Western Michigan University (WMU) in the US were the first to be introduced and these were followed by twinning arrangements with a number of UK and Australian universities. In the late 1990s, 3+0 degree programmes were approved by the Malaysian Government and Sunway College was able to offer the business degrees of Victoria University, Australia, entirely in Malaysia while continuing the 2+2 programmes with WMU.

In addition, the Malaysian Government sanctioned the establishment of branch campuses of foreign universities and Sunway again took the initiative. In a historic agreement with Monash University, Australia, the first branch campus of a foreign university was established at the Sunway campus in 1998. In July 2007, Monash University Sunway campus moved to a magnificent new campus at Jalan Lagoon Selatan, Bandar Sunway. It is currently offering a full range of undergraduate degrees, including medicine through its Jeffrey Cheah School of Medicine and Health Sciences, which was established in 2005.

In 2004, Sunway College was elevated to the status of a University College, by the then Minister of Higher Education YB Dato' Dr Shafie Mohd Salleh, with the power to grant degrees. With foresight, this was immediately followed by discussions with a top international university to further value-add to the degrees offered at Sunway University

College. In 2006, a UK-based university highly ranked in each of the UK's major university league tables, including ninth in the Complete University Guide, The Guardian, the Times and Sunday Times, officially sealed a partnership agreement with Sunway to validate most of Sunway's degrees.

After consistently providing high quality standard education, Sunway received its university upgrade in December 2010. The programmes leading to degrees at Sunway University are approved by the Ministry of Higher Education and the Malaysian Qualifications Agency (MQA). The University has been achieving Excellent ratings in the official rating system of all universities and university colleges in Malaysia, the SETARA 2009, SETARA 2011 and SETARA 2013 by the MQA. Sunway University was officially registered in January 2011 and came into being with the vision of becoming a world-class university.

Sunway University currently has a student population of over 6,500. It is a veritable global community on campus as over 11% of its total student number is international, coming from over 60 countries. Sunway University moved to a brand new purpose-built state-of-the-art building in 2015.

In 2015, Sunway University submitted for its first ever rating by an international organisation obtaining a remarkable four star overall rating from QS, with the highest five star ratings for teaching, employability, and facilities putting the University on par with many leading international universities.

The University has also been receiving outstanding results in the i-Graduate Student Barometer Survey Entry Wave 2016, a global benchmark for student experience. It was revealed that institutions in the Sunway Education Group, including Sunway University, were ranked number 1 in Asia in 6 categories; programme organisation, library, laboratories, technology, social facilities and study sense.

# Jeffrey Cheah Foundation

*Nurturing the Seeds of Wisdom*

With this special purpose non-profit vehicle, the Jeffrey Cheah Foundation (JCF) currently owns and governs 16 educational institutions of the Sunway Education Group that includes Sunway University, Sunway College, Monash University Malaysia, Sunway International School and the Jeffrey Cheah School of Medicine and Health Sciences. JCF is today the largest education-focused social enterprise in Malaysia.

As a result of its well-thought-out corporate structure and status as a registered charity, the Foundation is able to continue in perpetuity Tan Sri Dato' Seri Dr Jeffrey Cheah AO, its Founding Trustee's vision and legacy of giving; while at the same time serving as a catalyst and as a vehicle for others to contribute to the shared cause of education.

Through the Foundation, operating surpluses are ploughed back into the institutions for expansion of faculty and facilities, and disbursed as scholarships and research grants, ensuring that education and development programmes of the highest quality are supported and sustained.

Governed by a distinguished Board of Trustees, the Foundation aims to safeguard the institutions under its care for the purpose of providing education at the highest level, including knowledge transfer to those from disadvantaged backgrounds. There is thus a means, through scholarships, for the present and future generations of deserving students to succeed. To date, more than RM270 million in scholarships have been awarded to thousands of deserving students in various fields of study in Malaysia and overseas including the Universities of Cambridge and Oxford.

In 2013, the Jeffrey Cheah Foundation and Harvard University signed agreements to establish at Harvard, two Jeffrey Cheah Professorships on Southeast Asia Studies i.e. the Jeffrey Cheah Professorial Fellow and the Jeffrey Cheah Visiting Professor; and the Jeffrey Cheah Travel Grants following a generous gift by the Jeffrey Cheah Foundation. In conjunction with the contribution, the Jeffrey Cheah Institute on Southeast Asia (JCI) has been set-up at Sunway University to facilitate and support education exchange opportunities between Sunway Education Group and Harvard University.

In 2014 and 2015, historic agreements were signed with the University of Cambridge and the University of Oxford, England. With benefaction by the JCF, the agreements led to the appointment of two Jeffrey Cheah Professorial Fellows respectively in Gonville & Caius College, University of Cambridge, and Brasenose College, University of Oxford.

In April 2016, the JCF gifted USD10 million to the United Nations Sustainable Development Solutions Network (SDSN) establishing a strategic collaboration in setting up the Jeffrey Sachs Center on Sustainable Development at Sunway University. The pioneering Center offers some of the world's best curriculum, academic and executive programs on sustainable development. Tan Sri Dato' Seri Dr Jeffrey Cheah AO believes this is an important step in the right direction, to develop the global expertise needed to move Malaysia and Asia forward in the area of sustainable development.

Lancaster  
University

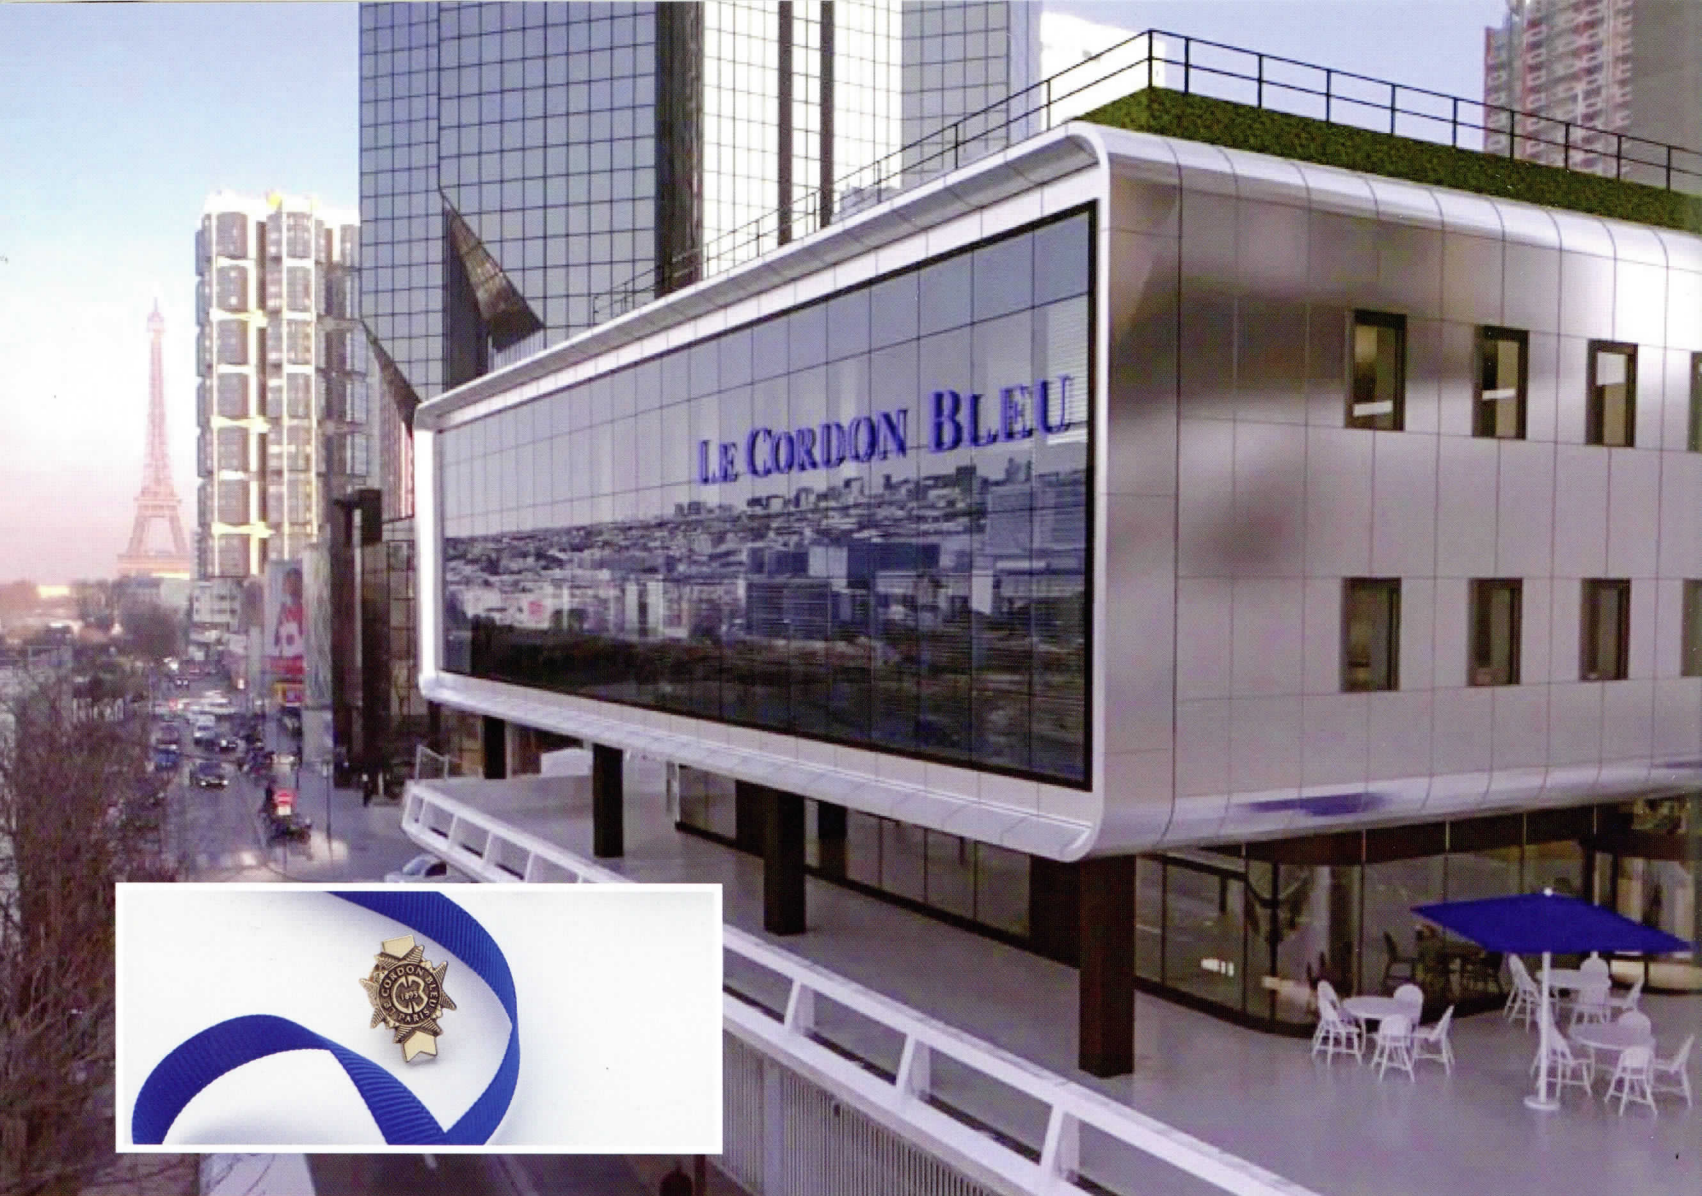

Early in 2005, Sunway and Lancaster University in the UK commenced discussions on how the two institutions might co-operate and, in the course of these discussions, which extended over one year, the concept of dual degrees was explored. Lancaster conducted an institutional review in March 2006, which involved a site visit by senior academics from the University and a senior academic from the University of Sussex. As a result, in September 2006, Lancaster approved the signing of an affiliation agreement between the two institutions. The agreement provides for the validation of relevant Sunway degrees by the Senate of Lancaster University following site visits by course consultants and lengthy panel discussions by video conference. Sunway University students who successfully complete an honours degree programme are now awarded both Sunway and Lancaster degrees, with separate scrolls from each institution.

Lancaster University is one of Britain's best research and teaching universities. Its growing reputation is reflected by consistent high rankings in each of the UK's major university league tables, including ninth in the Complete University Guide, The Guardian, and the Times and Sunday Times.

One of the top universities in the world, 83% of Lancaster's research is internationally excellent and world-leading, measured by the 2014 Research Excellence Framework which assesses the quality and impact of research. Recently Lancaster has also been awarded the Gold Standard in the UK's Teaching Excellence Framework.

91% of students at Lancaster University are satisfied with their programme and the University is frequently singled out for its high levels of graduate employment; 82% of graduates are in graduate level work or further study.

In Sunway University, which has the power to award its own degrees, it is important to be able to satisfy ourselves, our students, and their parents, that the degree programmes that we offer are of the highest international standard. We are pleased that we have been able to satisfy the very stringent criteria that have been set by Lancaster University in its institutional review and the validation of our degrees. We continue to look forward to delivering our degree programmes in the knowledge that they have been validated by a world class British university in accordance with its own quality assurance protocols and those of the UK Quality Assurance Agency.

## Le Cordon Bleu

Sunway University has had a close involvement with Le Cordon Bleu since 2010 in relation to hospitality education. Le Cordon Bleu is a distinguished institution with a Worldwide reputation. Its name is closely associated with the fine art of French culinary expertise and hospitality. Founded in 1895, it is now the World's largest culinary arts and hospitality management training organisation. Le Cordon Bleu itself trains around 20,000 students Worldwide each year. The partnership with Sunway University has been instrumental in assisting us to develop our hospitality programmes to meet the highest standards of the hospitality industry globally. Today many graduates of our School of Hospitality will receive dual certificates awarded both by Sunway University and by La Fondation Le Cordon Bleu. The certificates from Le Cordon Bleu attest that the qualifications awarded at Sunway meet the standards laid down in Le Cordon Bleu's own professional qualifications framework for the hospitality industry. This partnership has been instrumental in ensuring that our qualifications in hospitality will be well-regarded by the industry internationally.

# SUNWAY *Alumni*

Congratulations on achieving a very significant milestone in your life! You have graduated and have come very far from the fresh-faced first year student to the person you are today, joining over 40,000 alumni who have experienced the joy and spirit of Sunway. As alumni, we welcome you to stay connected with your alma mater and enjoy the perks of being one!

## Stay Connected

Yes, you have graduated, but that does not mean all ties are broken. Like us on **Facebook** & follow us on **Instagram** to be updated with happenings on campus or the Alumni community.

## Get Involved

There are many ways for you to get involved even after you graduate. You can either mentor & guide a student, motivate & inspire them as an expert speaker or participate in many of the fun and exciting Sunway Alumni events organised by us specially for you!

## Be Part of a Professional Network

Join us on **LinkedIn** and start building the right connections with the right people who will open up a world of opportunities for you to get ahead in your career.

## Rewarded

Being Sunway Alumni sure has its perks! Enjoy on-campus privileges such as the SunGym, Library access, career advisory and much more.
