## Message from the Chancellor

### Y.Bhg. Tan Sri Dato' Seri Dr Jeffrey Cheah, AO

Founder and Chancellor Sunway University

Founder and Chairman Sunway Education Group

Founding Trustee Jeffrey Cheah Foundation

### Congratulations! We take immense pride in your achievement, as your closest and dearest come together today to celebrate this significant milestone in your lives.

At this juncture, most of you would have planned out a roadmap for your immediate future. Some of you may have decided to delve deeper into your education, some of you may have decided to pursue your career, some of you may have chosen to take a gap year to travel the world and some might have already begun your own start-ups.

Whatever your dreams may be, however you choose to contribute to the world, no matter where you are heading, you can now seize your future with confidence, for I believe you are equipped with the necessary skills to make the best of yourselves.

Sunway University is more than just a place to study or work. It is a place which brings people from all walks of life together – students, faculty, alumni, professionals and communities – binding us in shared pursuit of knowledge and connecting us in a shared purpose to contribute to the world at large. Every year, we work hard to build a more accessible, inclusive, innovative and ever more excellent Sunway University for our community. You have been a part of this growth and we hope you will continue to be part of our exciting future.

Your alma mater is today one of the nation's leading private universities. It has consistently achieved an EXCELLENT rating (Tier 5) in the Malaysian Qualifications Agency (MQA) Rating System for Institutions of Higher Learning (SETARA). The QS World university ranking and rating organisation, regarded as one \* of the most authoritative of its kind across the world, has awarded Sunway University an overall rating of four-stars out of a maximum of five-stars in its 2015/2016 QS Stars with five-star ratings in the "teaching", "employability" and "facilities" categories. This rating places Sunway University on par with long-established international universities. In the i-Graduate International Student Barometer Survey, a global benchmark for student experience, the Sunway Education Group which includes Sunway University achieved high student satisfaction and was ranked No.1 in Asia for 'Overall Learning Experience' and 'Employability'.

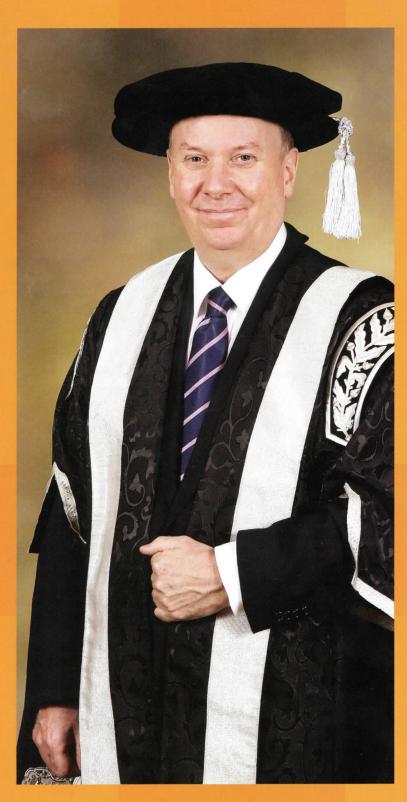

Since its inception, the Jeffrey Cheah Foundation has been doubling its efforts to broaden Sunway University's role in the community as an intellectual hub for people of all ages and from all walks of life. In bringing the world to Malaysia, we have established academic ties with some of the world's best education institutions, including Harvard, Oxford and Cambridge. Public services initiatives have increased from the Jeffrey Cheah Distinguished Speakers Series to various conferences and symposiums such as the ASEAN Conference on Accounting Education (ACAE), the Global Access to Post-Secondary Education Conference (GAPS), and the International Symposium on Precision Medicine, to provide opportunities for continuous learning in the community.

We are also amplifying our research efforts through the Jeffrey Cheah Institute on Southeast Asia. Sunway University is now home to global intellectuals, through the establishment of the Harvard-linked Center for Asia Leadership and most recently, the Jeffrey Sachs Center for Sustainable Development.

Sunway University and the Foundation have also welcomed thousands of deserving scholars, irrespective of their social or economic background. We believe that each and every one can make a difference when given the tools to do so. We have brought together the best minds and top research talents from around the globe, and the most innovative teaching frameworks available to do this. I believe our continued progress and investment in top quality education presents real opportunities to all who want to achieve and make their own significant contribution to the world.

As you move on to the next chapter of your life, I hope you will continue to do three things extraordinarily well. Think. Act. And, Make a Difference. We look forward to be a part of your future.

I wish you all the best.

# Message from the Vice-Chancellor

### **Professor Graeme Wilkinson**

Vice-Chancellor and Chair of the Academic Senate Sunway University

#### I would like to offer my personal congratulations to everyone in the graduating class of 2016!

You have all reached the culmination of years of hard work and study and will, I am sure, be justly proud of your achievements. Reaching this point takes much dedication and commitment and graduation is a recognition not only of your academic knowledge but also of your character and maturity as a thinking individual. I very much hope that you will go on to use your new knowledge, wisdom and broad understanding of the World not only in building a successful career, but also in making a contribution to our society, as a responsible, highly educated, global citizen.

As you move on from your studies, I hope you will be proud of your university and will speak well of it to your friends and colleagues, and to those whom you will encounter on the life journey ahead of you. Sunway University is fast becoming a very special institution. Not only are we now regarded as a close partner of some of the World's leading universities such as Oxford, Cambridge and Harvard, but also we have now reached the level of a "four star" university overall in the international ratings by the global rating organisation Quacquarelli-Symonds (QS), with the top "five star" ratings for the categories of teaching, employability and facilities. This places us at the same quality standard as some of the World's leading and long established universities. You can be sure that your university is one to be proud of and one that will come to be recognised as a leading institution in Asia in due course.

I am sure that today, besides your sense of pride in yourself and in your university, you will also feel a sense of immense gratitude to those who have helped you get where you are today. Thanks are of course due to your teachers, lecturers and professors. But also you will, I am sure, wish to give thanks to your friends and family, as well as to course colleagues, who will have given you support in various ways; perhaps financial, perhaps emotional. Whatever kind of support they have given, spare a thought for them today and, if you can, make them aware of the depth of your appreciation.

As you now move on to the next stage of your life, perhaps in work or in further studies, may I wish you good fortune and an exciting time ahead. On behalf of all the staff in Sunway University may I say it has been a pleasure to serve you in your quest for knowledge and professional recognition, and we earnestly hope that your Sunway education will become the bedrock of a highly successful career ahead.

My very best wishes to each and every one of you!

### **The Graduation Ceremony**

The formal conferring of university degrees goes back to medieval times in Europe, when scrolls, signifying their achievements, were granted to the graduates with great pomp and ceremony, reinforcing their rank, privileges and responsibilities in a highly stratified society. Graduation ceremonies were very rowdy affairs, however, exemplified by the lowering of a large wooden spoon, from the balcony in the Senate House in Cambridge, to the graduate who came bottom of the class in the Mathematics Tripos.

Nowadays such behaviour is frowned upon and the ceremonies have the dignity which befits the occasion. Special ceremonial robes are worn signifying, in the case of degrees, status as a bachelor, master or doctor, and the hoods, derived from medieval dress, signify the discipline or disciplinary group of the degree. A sash rather than a hood, worn over a black gown, signifies a diploma.

### **Academic Dress**

The academic dress adopted by universities of the Commonwealth follows the style of Oxford or Cambridge. Sunway University has adopted the Oxford style which, for bachelors, has a black gown and hood, the hood being lined with satin. The design of the hood helps to distinguish between bachelor and masters but it is the colour of the lining of the hood that signifies the discipline group.

The following colours are used to represent degrees in the respective faculties in Sunway:

Faculty of Arts

Navy Blue

Faculty of Science and Technology

Spring Green

Sunway University Business School

Royal Fuchsia

The same colours are used in signifying diplomas but, instead of a hood, a sash is worn.

The PhD gown with a bell-shaped sleeves is in bright orange with blue and grey trimmings, representing the colours of the University. The front trimming of the gown is embellished with the University's Coat of Arms and it is worn with a soft-crowned round-brimmed bonnet.

### The Coat of Arms

Responsibility for the granting of Coats of Arms has rested with the College of Arms in London since AD1484. Applicants are considered by the Garter King of Arms, and if he deems the individual, family or organisation to be worthy of this distinction then the Arms are duly granted. Registers are maintained to ensure that new designs are unique and that existing designs are protected.

In 2005, the Board of Sunway University (formerly Sunway University College) resolved to seek Arms from the College of Arms, and in May 2006, a grant of Arms to Sunway was approved.

The main elements of a Coat of Arms are the crest and the shield. Mottoes do not form a part of a grant of arms, but most grantees choose a succinct statement which represents individual or organisational statements of purpose or values.

The Sunway University *shield* contains three geometric shapes known as "piles", each "charged" with a golden sun. Together, the piles form a "W" and, with the suns, the device suggests the name Sunway. The stylized suns have a slight resemblance to the star on a blue background that appears on the Malaysian flag.

The *crest* is more obviously symbolic of Malaysia, consisting, as it does, of a Malaysian tiger. It is shown holding a torch, often used in heraldry to symbolize learning and teaching.

Our motto "Fortuna Eruditis Favet" derives from Louis Pasteur's famous phrase "la chance ne sourit qu'aux esprits bien preparés". Pasteur, commenting in 1855 on Oersted's "chance" discovery of electromagnetism, expressed the view that chance discoveries take place only in the context of a prepared mind. We have adapted the phrase to read "Fortune Favours the Prepared Mind" and this was translated into Latin by Professor Thomas N Mitchell, Provost and Professor of Latin at Trinity College Dublin.

### **The Mace**

In the medieval Europe, the mace was a weapon carried into battle by knights and warlike bishops, reflecting their status and prowess in the field. In the university context, it was carried as a weapon to protect the Chancellor, but it has now evolved into a purely ceremonial device signifying the dignity and authority of the Chancellor.

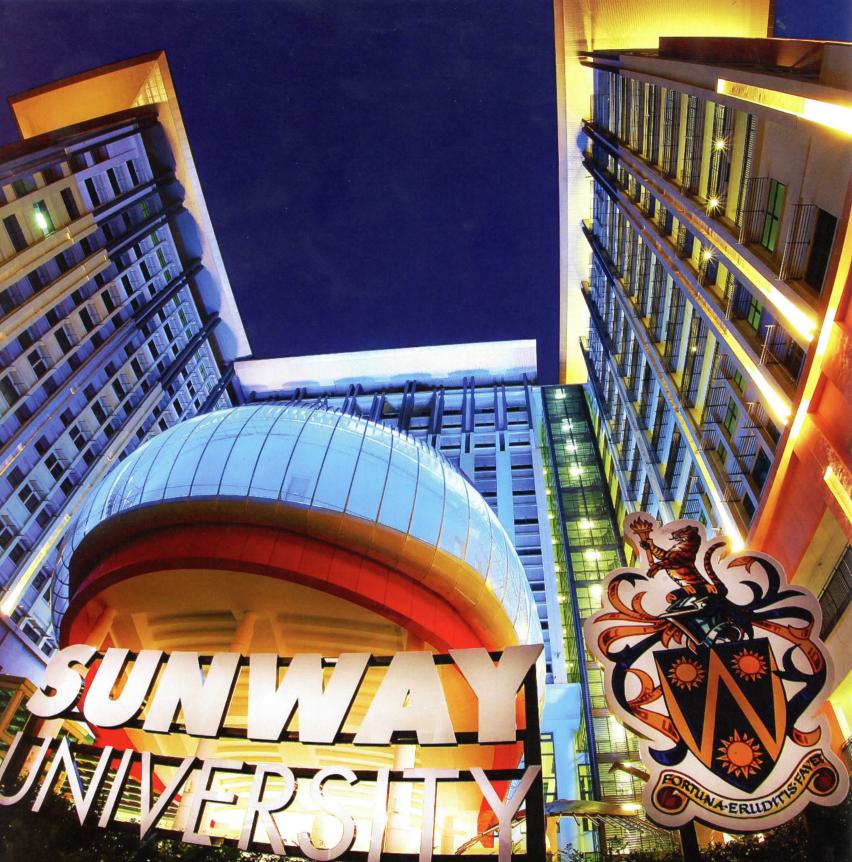

Designed by Royal Selangor Pewter Sdn Bhd, the Mace is 4.5ft in length. It is made of pewter in bright finish and its interior is supported by teakwood. Relevant parts are highlighted with 24-carat gold plating. The head of the Mace is a shining sun in gold plate and, directly underneath, the University's Coat of Arms is hand chased in relief on 925 sterling silver. The progressive "S" and hibiscus flower motifs, also hand chased on silver and gold, represent the parentage of Sunway University, and the identity of Malaysia respectively. A crystal stone is set at the beginning of the name of the institution to mark the front section of the Mace.

The Mace rests on a nyatoh wood base in mahogany finish to complement the Chancellor's Chair.

### The Chancellor's Chair

The Chancellor's Chair is made of solid nyatoh wood, and finished in satin mahogany lacquer. The seat, backrest and armrests are wrapped with natural rich brown leather from Germany.

The Coat of Arms of the University, in a highly sculptured relief on a finely textured background, and cast in pewter with gold plating, is placed at the apex of the backrest. The apex itself is modelled on the upper part of the portico of the then Sunway University building.

Sunway University has its origins in Sunway College, founded by Y.Bhg. Tan Sri Dato' Seri Dr Jeffrey Cheah, Ao, in 1986 to provide opportunities for young Malaysians to obtain higher education and training at the certificate, diploma and degree levels, especially in areas of national need. The first intake of students in 1987 numbered about 200, enrolled in degree studies leading to bachelor degrees from a number of foreign universities. These courses were delivered through the 'twinning' arrangements, pioneered by Sunway College, whereby students spent one or two years in Sunway and then transferred to the foreign university to complete their degrees. Degree programmes of Western Michigan University (WMU) in the US were the first to be introduced and these were followed by twinning arrangements with a number of UK and Australian universities. In the late 1990s, 3+0 degree programmes were approved by the Malaysian Government and Sunway College was able to offer the business degrees of Victoria University, Australia, entirely in Malaysia while continuing the 2+2 programmes with WMU.

In addition, the Malaysian Government sanctioned the establishment of branch campuses of foreign universities and Sunway again took the initiative. In a historic agreement with Monash University, Australia, the first branch campus of a foreign university was established at the Sunway campus in 1998. In July 2007, Monash University Sunway campus moved to a magnificent new campus at Jalan Lagoon Selatan, Bandar Sunway. It is currently offering a full range of undergraduate degrees, including medicine through its Jeffrey Cheah School of Medicine and Health Sciences, which was established in 2005.

In 2004, Sunway College was elevated to the status of a University College, by the then Minister of Higher Education YB Dato' Dr Shafie Mohd Salleh, with the power to grant degrees.

With foresight, this was immediately followed by discussions with a top international university to further value-add to the degrees offered at Sunway University College. In 2006, a UK-based university and ranked in the top 1% of universities in the world, Lancașter University, officially sealed a partnership agreement with Sunway to validate relevant Sunway degrees.

After consistently providing high quality standard education, Sunway received its university upgrade in December 2010. The programmes leading to degrees at Sunway University are approved by the Ministry of Higher Education and the Malaysian Qualifications Agency (MQA). The University has been achieving Excellent ratings in the official rating system of all universities and university colleges in Malaysia, the SETARA 2009, SETARA 2011 and SETARA 2013 by the MQA. Sunway University was officially registered in January 2011 and came into being with the vision of becoming a world-class university.

Sunway University currently has a student population of over 6,000. It is a veritable global community on campus as over 15% of its total student number is international, coming from over 70 countries. Sunway University has just moved to a brand new purpose-built state-of-the-art building.

In 2015, Sunway University submitted for its first ever rating by an international organisation obtaining a remarkable four star overall rating from QS, with the highest five star ratings for teaching, employability, and facilities putting the University on par with many leading international universities.

The University has also been receiving outstanding results in the i-Graduate International Student Barometer Survey, being rated by students as No.1 in Asia for employability for two consecutive years – 2014 and 2015.

### Jeffrey Cheah Foundation

The fundamental premise of the Jeffrey Cheah Foundation (JCF) is giving to society, a philosophy that has governed its predecessor, the former Sunway Education Trust Fund since its inception in 1997.

With this special purpose non-profit vehicle, the JCF currently owns and governs 16 education institutions and entities making up the Sunway Education Group which include Sunway University, Sunway College, Monash University Malaysia, Sunway International School and the Jeffrey Cheah School of Medicine and Health Sciences, making the JCF, perhaps the largest social enterprise in Malaysia.

As a result of its deliberately planned corporate structure and status as a registered charity, the Foundation is able to continue in perpetuity Y.Bhg. Tan Sri Dato' Seri Dr Jeffrey Cheah's vision and legacy of giving; while at the same time serving as a catalyst and as a vehicle for others to contribute to the shared cause of education.

Through the Foundation, operating surpluses are ploughed back into the institutions and entities or disbursed as scholarships and research grants, ensuring that education and development programmes of the highest quality are supported and sustained.

Governed by a distinguished Board of Trustees, the Foundation aims to safeguard the institutions and entities under its care for the purpose of providing excellent and affordable education at the highest level, including knowledge transfer to those from disadvantaged backgrounds. There is thus a means, through scholarships, for the present and future generations of deserving students to succeed. To date, more than RM210 million in scholarships have been awarded to thousands of deserving Malaysian students in various fields of study in Malaysia and overseas such as the Universities of Cambridge and Oxford.

In 2013, the Jeffrey Cheah Foundation and Harvard University signed agreements to establish at Harvard, two Jeffrey Cheah Professorships on Southeast Asia Studies i.e. the Jeffrey Cheah Professorial Fellow and the Jeffrey Cheah Visiting Professor; and the Jeffrey Cheah Travel Grants following a generous gift by the Jeffrey Cheah Foundation. In conjunction with the contribution, the Jeffrey Cheah Institute on Southeast Asia (JCI) has been set-up at Sunway University to facilitate and support education opportunities between Sunway Education Group and Harvard University.

In 2014, a historic agreement was signed in Cambridge. With a benefaction by the JCF, the agreement led to the appointment of two Jeffrey Cheah Professorial Fellows in Gonville & Caius College, University of Cambridge.

In April this year, Y.Bhg. Tan Sri Dato' Seri Dr Jeffrey Cheah, Ao, Founding Trustee of the JCF, presented a gift of USD10 million to the United Nations Sustainable Development Solutions Network Association (SDSN) establishing a strategic collaboration in setting up the Jeffrey Sachs Center on Sustainable Development at Sunway University. The pioneering Center will offer some of the world's best curriculum, academic and executive programmes on sustainable development. Tan Sri Dr Jeffrey Cheah, Ao believes this is an important step in the right direction, which is to develop the global expertise needed to move Malaysia and Asia forward in the area of sustainable development.

The Sunway Education Group's unique structure is a first-of-its-kind in Malaysia for private education. It is modelled after one of the oldest and most eminent universities in the world, Harvard University.

Y.Bhg. Tan Sri Datuk Seri Razman M. Hashim

Early in 2005, Sunway and Lancaster University in the UK commenced discussions on how the two institutions might co-operate and, in the course of these discussions, which extended over one year, the concept of dual degrees was explored. Lancaster conducted an institutional review in March 2006, which involved a site visit by senior academics from the University and a senior academic from the University of Sussex. As a result, in September 2006, Lancaster approved the signing of an affiliation agreement between the two institutions. The agreement provides for the validation of relevant Sunway degrees by the Senate of Lancaster University following site visits by course consultants and lengthy panel discussions by video conference. Sunway University students who successfully complete an honours degree programme are now awarded both Sunway and Lancaster degrees, with separate scrolls from each institution.

Lancaster University is one of Britain's best research and teaching universities. Its growing reputation is reflected by consistent high rankings in each of the UK's major university league tables, including ninth in the Complete University Guide and eighth in the Guardian.

Lancaster is the Top 1% of universities globally and 83% of research is internationally excellent and world-leading, measured by the 2014 Research Excelence Framework which assesses the quality and impact of research.

91% of students at Lancaster University are satisfied with their programme and the University is frequently singled out for its high levels of graduate employment; 82% of graduates are in graduate level work or further study.

In Sunway University, which has the power to award its own degrees, it is important to be able to satisfy ourselves, our students, and their parents, that the degree programmes that we offer are of the highest international standard. We are pleased that we have been able to satisfy the very stringent criteria that have been set by Lancaster University in its institutional review and the validation of our degrees. We continue to look forward to delivering our degree programmes in the knowledge that they have been validated by a world class British university in accordance with its own quality assurance protocols and those of the UK Quality Assurance Agency.

# SUNWAY

#### Dear Graduate,

First of all, congratulations on achieving a very significant milestone in your life. You have GRADUATED! Give yourself a pat on the back! You have come very far from the fresh-faced first year student to the person you are today, joining over 40,000 alumni who have experienced the spirit of Sunway and continue to maintain that relationship.

As a graduate of Sunway, here are some ways you can stay connected to Sunway as you embark on the next phase of your life:

#### Join the Sunway Alumni Professional Network on LinkedIn

Being part of a professional network is one of the best gifts you can give yourself as you join the workforce. Building the right connections opens up a world of opportunities while connecting you with the people who can help you get ahead of the race.

#### 2. Join us on Facebook

Yes, you have graduated, but that does not mean all ties are broken. We would love to have you come and participate in events that we organise and also be in the know of the happenings on campus. Like The Official Sunway Alumni Community page and continue to experience student life in the virtual way!

#### 3. Participate in Sunway Alumni Events

We work hard to bring you a variety of events that not only facilitate your professional development, but also enable you to let your hair down and relax after a hard week of work. We would love to have you come and participate and we would be even happier if you would like to get involved in the organising of events.

#### 4. Become a Mentor

You have accumulated a wealth of knowledge from the years of university life. You know the struggles and you have learnt the best practices. Now is the time to share! Help a junior through one of his/her most challenging times of his/her life by being a mentor and journeying the mentee through the path you have just completed yourself.

We wish you all the best in your upcoming endeavours, and we look forward to staying in contact with you for many years to come!

Best wishes, Alumni Office Sunway University
