**Y. Bhg. Tan Sri Dato' Seri  
Dr. Jeffrey Cheah, AO**

Founder and Chancellor  
Sunway University

Founder and Chairman  
Sunway Education Group

Founding Trustee  
Jeffrey Cheah Foundation

Congratulations to the graduating class of 2013!

We are proud of each of you - our 683 graduates who have completed your studies across a wide range of disciplines, representing the three faculties at Sunway University - the Faculty of Arts, Faculty of Science and Technology, and Sunway University Business School.

Today's celebration does not mark the end of your education, but rather, the beginning of your next phase of life. The great poet William Butler Yeats said, "Education is not the filling of a pail, but the lighting of a fire". I hope Sunway education has kindled that fire in you, and I urge you to be the trailblazers you are trained to be and to be bold in reaching your goals.

Sunway University has equipped you with an advantage. Besides the knowledge and skills you have acquired, your professors and lecturers have empowered you with the competencies and capacity to contribute to a fast-changing world. You are well prepared with the necessary leadership qualities and confidence to pursue productive and fulfilling careers that will open the door to a great life ahead for you and hopefully for others around you too.

This is the spirit that we hope you will take with you –the spirit of community, the spirit of possibility, the spirit of purpose. As graduates of Sunway University, you will join the ranks of many alumni before you who have gone on to not only make their mark in the world but also leave a spark – a spark that lights the way for others. This is the spirit in which the Jeffrey Cheah Foundation was set up.

In Sunway University, your alma mater, we believe in contributing to society through quality education. In the same way that you will advance yourself in the world, we will also continue to advance in our mission to nurture all-round individuals. We will continue to devote ourselves to the discovery, advancement, transmission and application of knowledge that meets the needs of our society and the global community. Our recent donation of USD6.2 million to Harvard University to set up the Jeffrey Cheah Professorships in South-East Asia Studies is an affirmation of this continued aspiration. In conjunction with this donation, the Jeffrey Cheah Institute of Research on South-East Asia (JCIR-SEA) will also be set up at Sunway University to facilitate a two-way flow of faculty and scholars between Harvard University and institutions in the Sunway Education Group, to support and advance research, conferences and workshops related to South-East Asia studies.

Esteemed Sunway graduates, when you leave here, I hope you do not forget why you came. I believe that most of you chose Sunway University not because you believed that you would be following where the path may lead, but because you wanted to go where there is not a path and leave a trail. I wish you the very best. Live fully, and more importantly, live purposefully.

Once again heartiest congratulations to all of you.

MESSAGE FROM THE CHANCELLOR

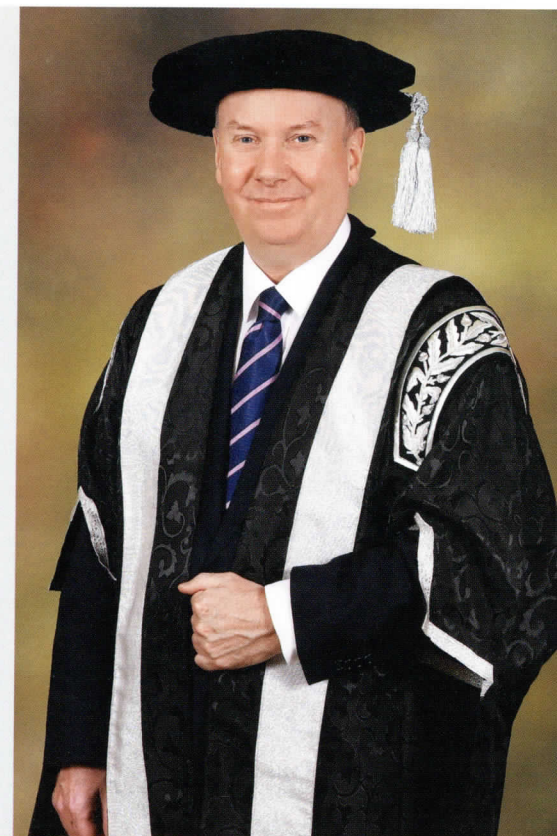

GRADUATION  
CEREMONY

2013

**Professor Graeme G. Wilkinson**

Vice-Chancellor  
and Chair of the Academic Senate  
Sunway University

Congratulations to all of our graduates from the class of 2013! Graduating from university is a major milestone in your life and you will look back on this day with pride many years from now. I am sure you will all be relieved to have come to the end of your studies and will be delighted to share in this magnificent celebration of your tremendous achievement. I am sure you will also wish to celebrate and recognise the support of your friends and family, as well as the dedication of your lecturers and tutors, without which your achievement might not have been possible.

All of our graduates today will be receiving scrolls from Sunway University. Some will, in addition, receive certificates from our academic partner institutions Lancaster University, UK, and Le Cordon Bleu Institute, Paris, both world-class institutions in their own right. It is particularly pleasing this year to be able to witness the first graduates from our tourism and hospitality programmes who will be receiving certificates from Le Cordon Bleu.

Although today marks the end of a key phase of your life, it also marks the start of another. As you go through the next few years of your life, either in work or further study, I hope you will keep in touch with your alma mater, and become involved with the university through our alumni activities. Also, as you develop in your career it is likely that you will wish to undergo further training in order to meet the ever changing requirements of modern professional life and to maximise your potential. We hope that whenever you wish to undertake additional postgraduate education, you will consider returning to Sunway and joining our learning community once again.

I am also delighted this year to congratulate Tan Sri Dato' Seri Dr Jeffrey Cheah AO, the Chancellor of Sunway University and founder of the Sunway Group of companies, who will be awarded an honorary doctorate by Lancaster University, UK, in recognition of his immense contributions to business, education and society. This award by one of the UK's most prestigious institutions demonstrates the extremely high regard in which our Chancellor is held internationally and is a further affirmation of his dedication and commitment to building the highest quality education in Malaysia.

May I wish all of our graduates good fortune and maximum success in their future careers!

MESSAGE FROM THE VICE-CHANCELLOR

GRADUATION  
CEREMONY

2013

The formal conferring of university degrees goes back to medieval times in Europe, when scrolls, signifying their achievements, were granted to the graduates with great pomp and ceremony, reinforcing their rank, privileges and responsibilities in a highly stratified society. Graduation ceremonies were very rowdy affairs, however, exemplified by the lowering of a large wooden spoon, from the balcony in the Senate House in Cambridge, to the graduate who came bottom of the class in the Mathematics Tripos.

Nowadays such behaviour is frowned upon and the ceremonies have the dignity which befits the occasion. Special ceremonial robes are worn signifying, in the case of degrees, status as a bachelor, master or doctor, and the hoods, derived from medieval dress, signify the discipline or disciplinary group of the degree. A sash rather than a hood, worn over a black gown, signifies a diploma.

The academic dress adopted by universities of the Commonwealth follows the style of Oxford or Cambridge. Sunway University has adopted the Oxford style which, for bachelors, has a black gown and hood, the hood being lined with satin. The design of the hood helps to distinguish between bachelor and masters but it is the colour of the lining of the hood that signifies the discipline group. The following colours are used to represent degrees in the respective faculties in Sunway:

- |                                     |               |
|-------------------------------------|---------------|
| • Faculty of Arts                   | Navy Blue     |
| • Faculty of Science and Technology | Spring Green  |
| • Sunway University Business School | Royal Fuchsia |

The same colours are used in signifying diplomas but, instead of a hood, a sash is worn.

TAN SRI DATO' SERI DR. JEFFREY CHEAH  
SCHOLASTIC AWARD 2013

GRADUATION  
CEREMONY

Responsibility for the granting of Coats of Arms has rested with the College of Arms in London since AD1484. Applicants are considered by the Garter King of Arms, and if he deems the individual, family or organisation to be worthy of this distinction then the Arms are duly granted. Registers are maintained to ensure that new designs are unique and that existing designs are protected.

In 2005 the Board of Sunway University (formerly Sunway University College) resolved to seek Arms from the College of Arms, and in May 2006, a grant of Arms to Sunway was approved.

The main elements of a Coat of Arms are the crest and the shield. Mottoes do not form a part of a grant of arms, but most grantees choose a succinct statement which represents individual organisational statements of purpose or values.

The Sunway University shield contains three geometric shapes known as "piles", each "charged" with a golden sun. Together, the piles form a "W" and, with the suns, the device suggests the name Sunway. The stylised suns have a slight resemblance to the star on a blue background that appears on the Malaysian flag.

The crest is more obviously symbolic of Malaysia, consisting, as it does, of a Malaysian tiger. It is shown holding a torch, often used in heraldry to symbolise learning and teaching.

Our motto "Fortuna Eruditio Favet" derives from Louis Pasteur's famous phrase "la chance ne sourit qu'aux esprits bien préparés". Pasteur, commenting in 1855 on Oersted's "chance" discovery of electromagnetism, expressed the view that chance discoveries take place only in the context of a prepared mind. We have adapted the phrase to read "Fortune Favours the Prepared Mind" and this was translated into Latin by Professor Thomas N Mitchell, Provost and Professor of Latin at Trinity College Dublin.

In the medieval Europe, the mace was a weapon carried into battle by knights and warlike bishops, reflecting their status and prowess in the field. In the university context, it was carried as a weapon to protect the Chancellor, but it has now evolved into a purely ceremonial device signifying the dignity and authority of the Chancellor.

Designed by Royal Selangor Pewter Sdn Bhd, the Mace is 4.5ft in length. It is made of pewter in bright finish and its interior is supported by teakwood. Relevant parts are highlighted with 24-carat gold plating. The head of the Mace is a shining sun in gold plate and, directly underneath, the University's Coat of Arms is hand chased in relief on 925 sterling silver. The Sunway progressive "S" and hibiscus flower, also hand chased on silver and gold, represent the parentage of Sunway University, and the identity of Malaysia respectively. A crystal stone is set at the beginning of the name of the institution to mark the front section of the Mace.

The Mace rests on a nyatoh wood base in mahogany finish to complement the Chancellor's Chair.

The Chancellor's Chair is made of solid nyatoh wood, and finished in satin mahogany lacquer. The seat, backrest and armrests are wrapped with natural rich brown leather from Germany.

The Coat of Arms of the University, in a highly sculptured relief on a finely textured background, and cast in pewter with gold plating, is placed at the apex of the backrest. The apex itself is modelled on the upper part of the portico of the then Sunway University building.

SUNWAY UNIVERSITY

## GRADUATION CEREMONY

Sunway University has its origins in Sunway College, founded by Y. Bhg. Tan Sri Dato' Seri Dr Jeffrey Cheah, AO, in 1986 to provide opportunities for young Malaysians to obtain higher education and training at the certificate, diploma and degree levels, especially in areas of national need. The first intake of students in 1987 numbered about 200, enrolled in degree studies leading to bachelor degrees from a number of foreign universities. These courses were delivered through the 'twinning' arrangements, pioneered by Sunway College, whereby students spent one or two years in Sunway and then transferred to the foreign university to complete their degrees. Degree programmes of Western Michigan University (WMU) in the US were the first to be introduced and these were followed by twinning arrangements with a number of UK and Australian universities. In the late 1990s 3+0 degree programmes were approved by the Malaysian Government and Sunway College was able to offer the business degrees of Victoria University, Australia, entirely in Malaysia while continuing the 2+2 programmes with WMU.

In addition, the Malaysian Government sanctioned the establishment of branch campuses of foreign universities and Sunway again took the initiative. In a historic agreement with Monash University, Australia, the first branch campus of a foreign university was established at the Sunway campus in 1998. In July 2007, Monash University Sunway campus moved to a magnificent new campus at Jalan Lagoon Selatan, Bandar Sunway. It is currently offering a full range of undergraduate degrees, including medicine through its Jeffrey Cheah School of Medicine and Health Sciences, which was established in 2005.

In 2004 Sunway College was elevated to the status of a University College, by the then Minister of Higher Education YB Dato' Dr Shafie Mohd Salleh, with the power to grant degrees. The courses leading to these degrees are approved by the Ministry of Higher Education and the Malaysian Qualifications Agency (MQA). It achieved an Excellent rating in the first official rating system of all universities and university colleges in Malaysia, the SETARA 2009 by the MQA.

After consistently providing high quality standard education, Sunway received its university upgrade in December 2010. Sunway University was then officially registered in January 2011 and came into being with the vision of becoming a world-class university.

When Sunway University achieved its full university status, its popular twinning, pre-University and professional accounting programmes were transferred to a new Sunway College therefore allowing the University to focus on its own diploma, undergraduate and postgraduate curricula.

Sunway University currently has a student population of over 4,000. It is a veritable global community on campus as around 30% of its total student number is international, coming from over 90 countries. Sunway campus is currently undergoing extensive expansion for the benefits of its future students.

2013

The fundamental premise of the Jeffrey Cheah Foundation is giving to society, a philosophy that has governed its predecessor, the former Sunway Education Trust Fund since its inception in 1997.

With the advent of this new special purpose non-profit vehicle, 11 education institutions making up the Sunway Education Group are transferred to the Foundation including Sunway University, Sunway College, Monash University Malaysia, Sunway International School and the Jeffrey Cheah School of Medicine and Health Sciences.

As a result of its special corporate structure and status as a registered charity, the Foundation is able to continue in perpetuity Y. Bhg. Tan Sri Dato' Seri Dr. Jeffrey Cheah's vision and legacy of giving; while at the same time serving as a catalyst and as a vehicle for others to contribute to the shared cause of education.

Whether through the Trust Fund, or now the Foundation, operating surpluses are ploughed back into the academic institutions or disbursed as scholarships and research grants, ensuring that education of the highest quality is supported and sustained.

Governed by a distinguished Board of Trustees, the Foundation aims to safeguard the institutions under its care for the purpose of providing an excellent and affordable education at the highest level, including education for those that come from disadvantaged backgrounds. There is thus a means, through scholarships, for the present and future generations of deserving students to succeed. To date, in excess of RM132 million in scholarships have been awarded to over 16,000 Malaysian students in various fields of study.

Recently, the Jeffrey Cheah Foundation and Harvard University signed agreements to establish at Harvard, two Jeffrey Cheah Professorships of South-East Asia Studies (SEA) i.e. the Jeffrey Cheah Professor and the Jeffrey Cheah Visiting Professor; the Jeffrey Cheah Fellowship and the Jeffrey Cheah Travel Grants following a generous gift of USD6.2 million by the Jeffrey Cheah Foundation. In conjunction with the contribution, the Jeffrey Cheah Institute of Research on South-East Asia (JCIR-SEA) will be set-up at Sunway University to facilitate and support education opportunities between Sunway Education Group and Harvard University.

The Sunway Education Group's unique structure is a first-of-its-kind in Malaysia for private education institutions, and modelled after the structure of some of the oldest and most eminent universities in the world, one being Harvard University.

GRADUATION  
CEREMONY

2013

Early in 2005, Sunway and Lancaster University in the UK commenced discussions on how the two institutions might co-operate and, in the course of these discussions, which extended over one year, the concept of dual degrees was explored. Lancaster conducted an institutional review in March 2006, which involved a site visit by senior academics from the University and a senior academic from the University of Sussex. As a result, in September 2006, Lancaster approved the signing of an affiliation agreement between the two institutions. The agreement provides for the validation of relevant Sunway degrees by the Senate of Lancaster University following site visits by course consultants and lengthy panel discussions by video conference. Sunway University students who successfully complete an honours degree course are now awarded both Sunway and Lancaster degrees, with separate scrolls from each institution.

Lancaster University, founded in 1964, is one of Britain's best research and teaching universities. It is ranked in the **top one percent** of universities in the world and consistently highly ranked in both international and UK Higher Education league tables.

In the latest annual National Student Survey 2012, satisfaction rates among undergraduates at Lancaster all rose to 91% above a sector average of 85%. These results reflect the dedication of staff who work hard to ensure that every student who comes through Lancaster will receive the very best education. Lancaster fosters a culture of prioritising the student experience and teaching, as well as strong research. Lancaster is a world-class institution that has won international recognition for the quality of its teaching and research, with 92% of research recognised as being world-leading.

In Sunway University, which has the power to award its own degrees, it is important to be able to satisfy ourselves, our students, and their parents, that the degree courses that we offer are of the highest international standard. We are pleased that we have been able to satisfy the very stringent criteria that have been set by Lancaster University in its institutional review and the validation of our degrees. We continue to look forward to delivering our degree programmes in the knowledge that they have been validated by a first class British university in accordance with its own quality assurance protocols and those of the UK Quality Assurance Agency.

GRADUATION  
CEREMONY

# SUNWAY *Alumni*

2013

## Dear Graduate,

First of all, congratulations on achieving a very significant milestone in your life. You have GRADUATED! Give yourself a pat on the back! You have come very far from the fresh-faced first year student to the person you are today, joining over 30,000 alumni who have experienced the spirit of Sunway and continue to maintain that relationship.

As a graduate of Sunway, here are some ways you can stay connected to Sunway even as you embark on the next phase of your life:

### 1. Join the Sunway Alumni Professional Network on LinkedIn

Being part of a professional network is one of the best gifts you can give yourself as you join the workforce. Building the right connections opens up a world of opportunities while connecting you with the people who can help you get ahead of the race.

### 2. Join us on Facebook

Yes, you've graduated, but that doesn't mean all ties are broken. We'd love to have you come and participate in events that we organise and also be in the know of the happenings on campus. Like The Official Sunway Alumni Community page and continue to experience student life in the virtual way!

### 3. Participate in Sunway Alumni Events

We work hard to bring you a variety of events that not only facilitate your professional development, but also enable you to let your hair down and relax after a hard week of work. We'd love to have you come and participate and we'd be even happier if you'd like to get involved in the organising of the event.

### 4. Become a Mentor

You've accumulated a wealth of knowledge from the years of University life you've just completed. You know the struggles and you've learnt best practices. Now is the time to share! Help a junior through one of the most challenging times of their life by being a mentor and journeying the mentee through the path you've just completed yourself.

We wish you all the best in your upcoming endeavours, and we look forward to staying in contact with you for many years to come!

Best Wishes,

Alumni Office
