Founder and Chancellor
Sunway University

Founder and Chairman
Sunway Education Group

Founding Trustee
Jeffrey Cheah Foundation

Congratulations graduates!

We are so proud of you. Your graduation is the culmination of all your hard work and determination.

Sunway University believes in giving back to the community through education and we take pride in our social responsibility to nurture young minds and we hope to instill this spirit in our students. We believe that education is the key to endless possibilities and your graduation today marks a milestone in your adventure towards a brighter future. We hope that in time you will get involved and carry on the tradition of giving back to society in your own unique way.

Education not only provides a foundation for a good career, it is also your passport to change the world. Only you can decide how far you want to venture. You are the ones who will be facing the world's challenges and you will learn a lesson or two through each challenge. Learning is definitely a lifelong journey; one should never stop learning nor fear challenges. At times, you will feel like giving up but keep moving towards your goal and you will reap the fruits of your labour.

As you leave the halls of Sunway University, I hope that you will take with you the spirit of the Jeffrey Cheah Foundation in serving our community and our nation. Last year we contributed USD6.2 million to Harvard University where two Jeffrey Cheah Professorships of Southeast Asia Studies have been established. We have also consolidated this initiative by establishing the Jeffrey Cheah Institute on Southeast Asia (JCI) at Sunway University which brings world class scholars to Malaysia to undertake research and investigations on issues of direct benefit to our country and region. This alliance with one of the oldest and most prestigious universities in the world opens up tremendous opportunities for a two-way flow of faculty and scholars between Harvard University and institutions in the Sunway Education Group, to support and advance research, conferences and workshops to help develop and upgrade academic standards of teaching and research.

We will continue to grow and expand our collaboration with established universities around the world, to tap into as many resources as possible in order to provide a world class education for our students. We are now working towards affirming two Jeffrey Cheah Professorial Fellows at Gonville and Caius College in the University of Cambridge through a Professorial Fellowship Fund to be

managed by the College through a donation of £1 million from the Jeffrey Cheah Foundation. These Professorial Fellows will also be Professors of the University of Cambridge and will facilitate an exchange of scholars between Sunway University and Cambridge.

As you look back upon this day, I hope you will be proud of your alma mater and recognise the importance of our stature and reputation, and that it adds further value to your experience here.

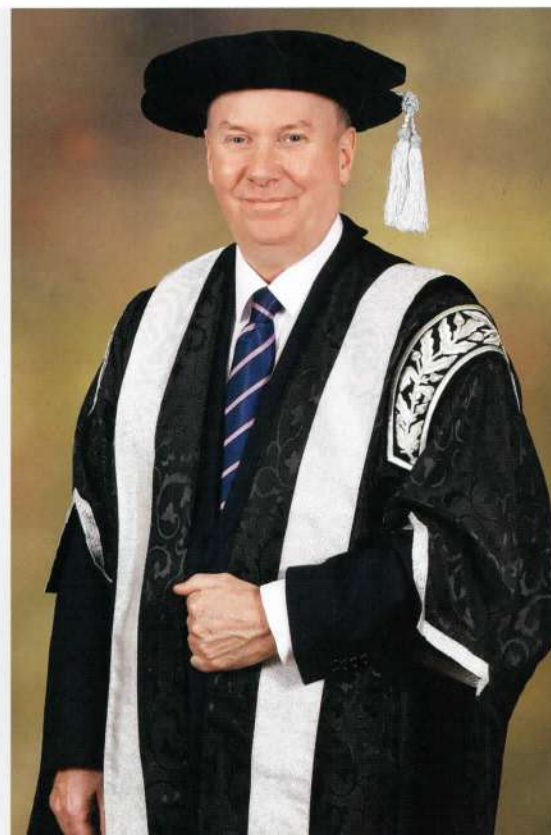

The great Greek philosopher Plato said: "The direction in which education starts a man will determine his future in life." Having received your qualification from Sunway University, you are now at the beginning of your next phase in life.

I wish you every continued success in your chosen careers and your future.

2014

Professor Graeme G. Wilkinson

Vice-Chancellor
and Chair of the Academic Senate
Sunway University

I offer my warmest congratulations to the graduating class of 2014! Today you have reached the culmination of years of dedication and commitment and can now celebrate your own personal academic achievement. The hard work has been yours, but you should not forget the sacrifices made and the support given to you by others to enable you to be where you are today. Whether parents, guardians, friends or relatives, they have surely helped you reach your full potential.

Also I hope you will wish to join me in expressing my immense gratitude to all of the staff of Sunway University who have supported your studies. Through their lectures, tutorials and personal support, you have benefitted from the knowledge of our wise and highly experienced academics. I know they care passionately about teaching and ensuring that each and every one of you is fully prepared for further study or the world of work. As graduates from one of Malaysia's best universities, you will surely play vital roles in the economic and social development of the nation.

As you join the ranks of thousands of Sunway alumni who have gone before you, I very much hope that you will be proud of your university and proud of what it stands for: excellence, integrity and a firm belief in social justice and human progress. I believe that as a Sunway graduate you are truly special and have a very bright future ahead of you. You have been prepared well, but what you make of it is still very much down to you. The university has given you the foundation on which to build a solid career. As our motto says: "*Fortuna Eruditio Favet*" – fortune favours the prepared mind. We have prepared you, but it is for you to seize the opportunities ahead and to make the most of them.

As you go out into the wide world, I hope that you will become our ambassadors and inform others about the kind of education that Sunway provides. Please help to raise the profile of your university and make others aware of the benefits that a high quality education can bring. I hope you will keep in touch and I look forward to meeting you again in years to come and hearing about your accomplishments that will surely be very special.

Congratulations once again and I wish every one of you a highly successful career ahead!

2014

The formal conferring of university degrees goes back to medieval times in Europe, when scrolls, signifying their achievements, were granted to the graduates with great pomp and ceremony, reinforcing their rank, privileges and responsibilities in a highly stratified society. Graduation ceremonies were very rowdy affairs, however, exemplified by the lowering of a large wooden spoon, from the balcony in the Senate House in Cambridge, to the graduate who came bottom of the class in the Mathematics Tripos.

Nowadays such behaviour is frowned upon and the ceremonies have the dignity which befits the occasion. Special ceremonial robes are worn signifying, in the case of degrees, status as a bachelor, master or doctor, and the hoods, derived from medieval dress, signify the discipline or disciplinary group of the degree. A sash rather than a hood, worn over a black gown, signifies a diploma.

ACADEMIC DRESS

The academic dress adopted by universities of the Commonwealth follows the style of Oxford or Cambridge. Sunway University has adopted the Oxford style which, for bachelors, has a black gown and hood, the hood being lined with satin. The design of the hood helps to distinguish between bachelor and masters but it is the colour of the lining of the hood that signifies the discipline group. The following colours are used to represent degrees in the respective faculties in Sunway:

- | | |
|-------------------------------------|---------------|
| • Faculty of Arts | Navy Blue |
| • Faculty of Science and Technology | Spring Green |
| • Sunway University Business School | Royal Fuchsia |

The same colours are used in signifying diplomas but, instead of a hood, a sash is worn.

GRADUATION
CEREMONY

Responsibility for the granting of Coats of Arms has rested with the College of Arms in London since AD1484. Applicants are considered by the Garter King of Arms, and if he deems the individual, family or organisation to be worthy of this distinction then the Arms are duly granted. Registers are maintained to ensure that new designs are unique and that existing designs are protected.

In 2005, the Board of Sunway University (formerly Sunway University College) resolved to seek Arms from the College of Arms, and in May 2006, a grant of Arms to Sunway was approved.

The main elements of a Coat of Arms are the *crest* and the *shield*. *Mottoes* do not form a part of a grant of arms, but most grantees choose a succinct statement which represents individual or organizational statements of purpose or values.

The Sunway University *shield* contains three geometric shapes known as "piles", each "charged" with a golden sun. Together, the piles form a "W" and, with the suns, the device suggests the name Sunway. The stylized suns have a slight resemblance to the star on a blue background that appears on the Malaysian flag.

The *crest* is more obviously symbolic of Malaysia, consisting, as it does, of a Malaysian tiger. It is shown holding a torch, often used in heraldry to symbolize learning and teaching.

Our motto "*Fortuna Eruditio Favet*" derives from Louis Pasteur's famous phrase "*la chance ne sourit qu'aux esprits bien préparés*". Pasteur, commenting in 1855 on Oersted's "chance" discovery of electromagnetism, expressed the view that chance discoveries take place only in the context of a prepared mind. We have adapted the phrase to read "Fortune Favours the Prepared Mind" and this was translated into Latin by Professor Thomas N Mitchell, Provost and Professor of Latin at Trinity College Dublin.

In the medieval Europe, the mace was a weapon carried into battle by knights and warlike bishops, reflecting their status and prowess in the field. In the university context, it was carried as a weapon to protect the Chancellor, but it has now evolved into a purely ceremonial device signifying the dignity and authority of the Chancellor.

Designed by Royal Selangor Pewter Sdn Bhd, the Mace is 4.5ft in length. It is made of pewter in bright finish and its interior is supported by teakwood. Relevant parts are highlighted with 24-carat gold plating. The head of the Mace is a shining sun in gold plate and, directly underneath, the University's Coat of Arms is hand chased in relief on 925 sterling silver. The progressive "S" and hibiscus flower motifs, also hand chased on silver and gold, represent the parentage of Sunway University, and the identity of Malaysia respectively. A crystal stone is set at the beginning of the name of the institution to mark the front section of the Mace.

The Mace rests on a nyatoh wood base in mahogany finish to complement the Chancellor's Chair.

THE MACE

GRADUATION
CEREMONY

The Chancellor's Chair is made of solid nyatoh wood, and finished in satin mahogany lacquer. The seat, backrest and armrests are wrapped with natural rich brown leather from Germany.

The Coat of Arms of the University, in a highly sculptured relief on a finely textured background, and cast in pewter with gold plating, is placed at the apex of the backrest. The apex itself is modelled on the upper part of the portico of the then Sunway University building.

SUNWAY UNIVERSITY

GRADUATION CEREMONY

Sunway University has its origins in Sunway College, founded by Y. Bhg. Tan Sri Dato' Seri Dr Jeffrey Cheah, AO, in 1986 to provide opportunities for young Malaysians to obtain higher education and training at the certificate, diploma and degree levels, especially in areas of national need. The first intake of students in 1987 numbered about 200, enrolled in degree studies leading to bachelor degrees from a number of foreign universities. These courses were delivered through the 'twinning' arrangements, pioneered by Sunway College, whereby students spent one or two years in Sunway and then transferred to the foreign university to complete their degrees. Degree programmes of Western Michigan University (WMU) in the US were the first to be introduced and these were followed by twinning arrangements with a number of UK and Australian universities. In the late 1990s, 3+0 degree programmes were approved by the Malaysian Government and Sunway College was able to offer the business degrees of Victoria University, Australia, entirely in Malaysia while continuing the 2+2 programmes with WMU.

In addition, the Malaysian Government sanctioned the establishment of branch campuses of foreign universities and Sunway again took the initiative. In a historic agreement with Monash University, Australia, the first branch campus of a foreign university was established at the Sunway campus in 1998. In July 2007, Monash University Sunway campus moved to a magnificent new campus at Jalan Lagoon Selatan, Bandar Sunway. It is currently offering a full range of undergraduate degrees, including medicine through its Jeffrey Cheah School of Medicine and Health Sciences, which was established in 2005.

In 2004, Sunway College was elevated to the status of a University College, by the then Minister of Higher Education YB Dato' Dr Shafie Mohd Salleh, with the power to grant degrees. With foresight, this was immediately followed by discussions with a top international university to further value-add to the degrees offered at Sunway University College. In 2006, a UK-based university and ranked in the top 1% of universities in the world, Lancaster University, officially sealed a partnership agreement with Sunway to validate relevant Sunway degrees.

After consistently providing high quality standard education, Sunway received its university upgrade in December 2010. The courses leading to degrees at Sunway University are approved by the Ministry of Education and the Malaysian Qualifications Agency (MQA). The University has been achieving Excellent ratings in the official rating system of all universities and university colleges in Malaysia, the SETARA 2009 and SETARA 2011 by the MQA. Sunway University was officially registered in January 2011 and came into being with the vision of becoming a world-class university.

When Sunway University achieved its full university status, its popular twinning, Pre-University and professional accounting programmes were transferred to a new Sunway College therefore allowing the University to focus on its own diploma, undergraduate and postgraduate curricula.

Sunway University currently has a student population of over 4,000. It is a veritable global community on campus as around 30% of its total student number is international, coming from over 90 countries. Sunway campus is currently undergoing extensive expansion for the benefit of its future students. A brand new university building will open in early 2015.

2014

The fundamental premise of the Jeffrey Cheah Foundation (JCF) is giving to society, a philosophy that has governed its predecessor, the former Sunway Education Trust Fund since its inception in 1997.

With the advent of this new special purpose non-profit vehicle, 12 education institutions making up the Sunway Education Group were transferred to the Foundation including Sunway University, Sunway Colleges, Monash University Malaysia, Sunway International School and the Jeffrey Cheah School of Medicine and Health Sciences, making the JCF, perhaps the largest social enterprise in Malaysia.

As a result of its deliberately planned corporate structure and status as a registered charity, the Foundation is able to continue in perpetuity Y. Bhg. Tan Sri Dato' Seri Dr. Jeffrey Cheah's vision and legacy of giving; while at the same time serving as a catalyst and as a vehicle for others to contribute to the shared cause of education.

Whether through the Trust Fund, or now the Foundation, operating surpluses are ploughed back into the academic institutions or disbursed as scholarships and research grants, ensuring that education of the highest quality is supported and sustained.

Governed by a distinguished Board of Trustees, the Foundation aims to safeguard the institutions under its care for the purpose of providing excellent and affordable education at the highest level, including education for those that come from disadvantaged backgrounds. There is thus a means, through scholarships, for the present and future generations of deserving students to succeed. To date, more than RM165 million in scholarships have been awarded to over 20,000 Malaysian students in various fields of study in Malaysia and overseas such as the Universities of Cambridge and Oxford.

Last year, the Jeffrey Cheah Foundation and Harvard University signed agreements to establish at Harvard, two Jeffrey Cheah Professorships on Southeast Asia Studies i.e. the Jeffrey Cheah Professor and the Jeffrey Cheah Visiting Professor; and the Jeffrey Cheah Travel Grants following a generous gift of USD6.2 million by the Jeffrey Cheah Foundation. In conjunction with the contribution, the Jeffrey Cheah Institute on Southeast Asia (JCI) has been set-up at Sunway University to facilitate and support education opportunities between Sunway Education Group and Harvard University.

The Sunway Education Group's unique structure is a first-of-its-kind in Malaysia for private education institutions, and modelled after the structure of some of the oldest and most eminent universities in the world, one being Harvard University.

CEREMONY

2014

Early in 2005, Sunway and Lancaster University in the UK commenced discussions on how the two institutions might co-operate and, in the course of these discussions, which extended over one year, the concept of dual degrees was explored. Lancaster conducted an institutional review in March 2006, which involved a site visit by senior academics from the University and a senior academic from the University of Sussex. As a result, in September 2006, Lancaster approved the signing of an affiliation agreement between the two institutions. The agreement provides for the validation of relevant Sunway degrees by the Senate of Lancaster University following site visits by course consultants and lengthy panel discussions by video conference. Sunway University students who successfully complete an honours degree course are now awarded both Sunway and Lancaster degrees, with separate scrolls from each institution.

LANCASTER
UNIVERSITY

Lancaster University, founded in 1964, is one of Britain's best research and teaching universities. It has confirmed its place among the world's elite institutions with its consistent high placing in all major league tables.

Lancaster has won international recognition for the quality of teaching and research, with 92% of research recognised as being world-leading or internationally significant and 9 out of 10 Lancaster students saying they are satisfied with their course. Lancaster graduates can be sure of a successful start in their career, with 94% of graduates getting a job or further study place within 6 months of graduation.

In Sunway University, which has the power to award its own degrees, it is important to be able to satisfy ourselves, our students, and their parents,

that the degree courses that we offer are of the highest international standard. We are pleased that we have been able to satisfy the very stringent criteria that have been set by Lancaster University in its institutional review and the validation of our degrees. We continue to look forward to delivering our degree programmes in the knowledge that they have been validated by a world class British university in accordance with its own quality assurance protocols and those of the UK Quality Assurance Agency.

CEREMONY

SUNWAY *Alumni*

ALUMNI

2014

Dear Graduate,

First of all, congratulations on achieving a very significant milestone in your life. You have GRADUATED! Give yourself a pat on the back! You have come very far from the fresh-faced first year student to the person you are today, joining over 30,000 alumni who have experienced the spirit of Sunway and continue to maintain that relationship.

As a graduate of Sunway, here are some **ways you can stay connected to Sunway** as you embark on the next phase of your life:

1. Join the Sunway Alumni Professional Network on LinkedIn

Being part of a professional network is one of the best gifts you can give yourself as you join the workforce. Building the right connections opens up a world of opportunities while connecting you with the people who can help you get ahead of the race.

2. Join us on Facebook

Yes, you have graduated, but that does not mean all ties are broken. We would love to have you come and participate in events that we organise and also be in the know of the happenings on campus. *Like* The Official Sunway Alumni Community page and continue to experience student life in the virtual way!

3. Participate in Sunway Alumni Events

We work hard to bring you a variety of events that not only facilitate your professional development, but also enable you to let your hair down and relax after a hard week of work. We would love to have you come and participate and we would be even happier if you would like to get involved in the organising of events.

4. Become a Mentor

You have accumulated a wealth of knowledge from the years of university life. You know the struggles and you have learnt the best practices. Now is the time to share! Help a junior through one of his/her most challenging times of his/her life by being a mentor and journeying the mentee through the path you have just completed yourself.

We wish you all the best in your upcoming endeavours, and we look forward to staying in contact with you for many years to come!

Best wishes,
