Dear Anchor Partners,

First and foremost, wishing you all a happy 2022 and a prosperous Year of the Tiger!

Our February 2022 Piscine will be starting real soon and we are looking forward to it! This Piscine will be conducted in a hybrid mode with health and safety measures in place. More details on this will be shared in the next pages.

Here at 42KL, we have also recently hosted our very first I/O Day, where we've invited some friends in the education and technology sectors to come and get to know more about us.

More details about current and upcoming happenings at 42KL are shared in this deck. As always, feel free to reach out if you have any queries.

Thank you!

2022 Piscines

It's happening soon! Our next Piscine will be starting on the 7th of February 2022, and it will be in a hybrid mode where Pisciners have the option to carry out their weekend group projects virtually from home. While on campus physically, Pisciners will also be required to adhere to the necessary Covid-19 SOPs.

We are expecting around 60 new Pisciners on Day 1, and we really look forward to meeting new faces in person! It would also be exciting to see the physical peer-to-peer learning happening on campus, which is something we have missed since our previous physical Piscine back in March 2021.

More Piscines will be happening on the dates listed on the right. We have previously shared a **Piscine Booklet** with you, and we will be grateful for your help to share it out to as many of your connections as possible. Thank you!

2022 Piscine Dates

7th Feb - 4th Mar
14th Mar - 8th Apr
23rd May - 17th June
27th June - 22nd July

42KL I/O V1 Day

In our efforts to spread the word about 42 Kuala Lumpur, we have invited some friends from different fields (i.e. education, technology, media) to join us for our very first 42KL I/O V1 Day!

It was an event in which our guests are able to learn more about what we do, and for us to explore any potential for some forms of collaboration.

Aside from hearing from Jeff, our guests were also given a quick logic game to solve! It was a fun challenge for them, and it was amazing to see them starting to guide each other a few minutes in. This had really given them an insight to the peer-to-peer learning environment at 42KL.

Anchor Partner Project: Pre-Workshop Briefing

The Pre-Workshop Briefing for the upcoming Anchor Partner Project will be happening soon! This is a session for our Digital Transformation Partner - Roland Berger to share more about what to expect for the Workshop as well as for the Anchor Partner Project.

You would have already received an email invitation to the session by now. Do remember to RSVP and forward the invitation to the relevant individuals in your team as well. Please also let us know if you have not received the invitation and we can resend it accordingly.

Here are the details of the session -

Date: Thursday, 10th February 2022
Time: 3pm - 4pm (1 hour)
Platform: Zoom Meeting (refer to email for link)

See you then!
