Piscine #09: August 2022

- Starting on 15th August 2022
- Currently we have more than 90 subscriptions!

42KL SME Innovation Hackathon

In partnership with MDEC, we have hosted our very first SME Innovation Hackathon for the 42KL cadets, involving 4 SMEs who had presented their challenge statements - Troopers, Hive Resources, Moopt and PriceShop. The 7-day hackathon was launched on the 25th of June with a total of 53 participating cadets. On the Demo Day, 12 out of 20 teams had been selected to pitch their innovative ideas and solutions to the founders and CTOs of the SMEs.

"Thank you so much for selecting us as one of the selected start-ups for this hackathon. We had a wonderful experience just seeing the accomplishments of the cadets at 42KL within just 7 days. We were so amazed by the commitment, dedication and results from all participating cadets. They're all packed with the complete package to fit market demands."

- Amirol Izani, CEO of Hive Resources

FutureX Speak Session with Hans & Bunyod

Recently, two of our current cadets, who were also in the first Core Programme cohort, had stepped up to share about their prior working experience in the industry.

Bunyod (top right) and Hans Hazairi (bottom right) have shared about the importance of cross-functional knowledge, as well as good communication, both horizontally (with peers) and vertically (with supervisors and subordinates).

It was indeed an insightful session which all cadets and Pisciners have enjoyed!
