Dear Anchor Partners,

Hope you've had a great September! Here at 42 Kuala Lumpur, our final batch of 2021 Cadets have officially kicked-off with the core programme!

With Klang Valley moving into Phase 3 of the National Recovery Plan, we are also now in the midst of preparing our return to campus and can't wait to welcome you soon.

Another good news we have is the achievements of the 42 Network in the WURI Ranking recently. More on this will be shared in this deck.

We are also looking forward to the Anchor Partner Project with you. As always, feel free to reach out to us should you have any queries, and we'd be happy to arrange for a meeting if required.

Thank you and speak soon!

September 2021 Updates

120

CADETS

Now that our September Cadets have kicked-off with the core programme, we currently have a total of 120 Cadets at 42KL! This is out of a total of 351 individuals who had undertaken the 2021 Piscines.

Core Programme

Action Plan

Our target for year 2022 would be to have 200 Cadets in total, which we plan to achieve by increasing our Piscine slots from 75 to **100** students per Piscine.

Returning to Campus!

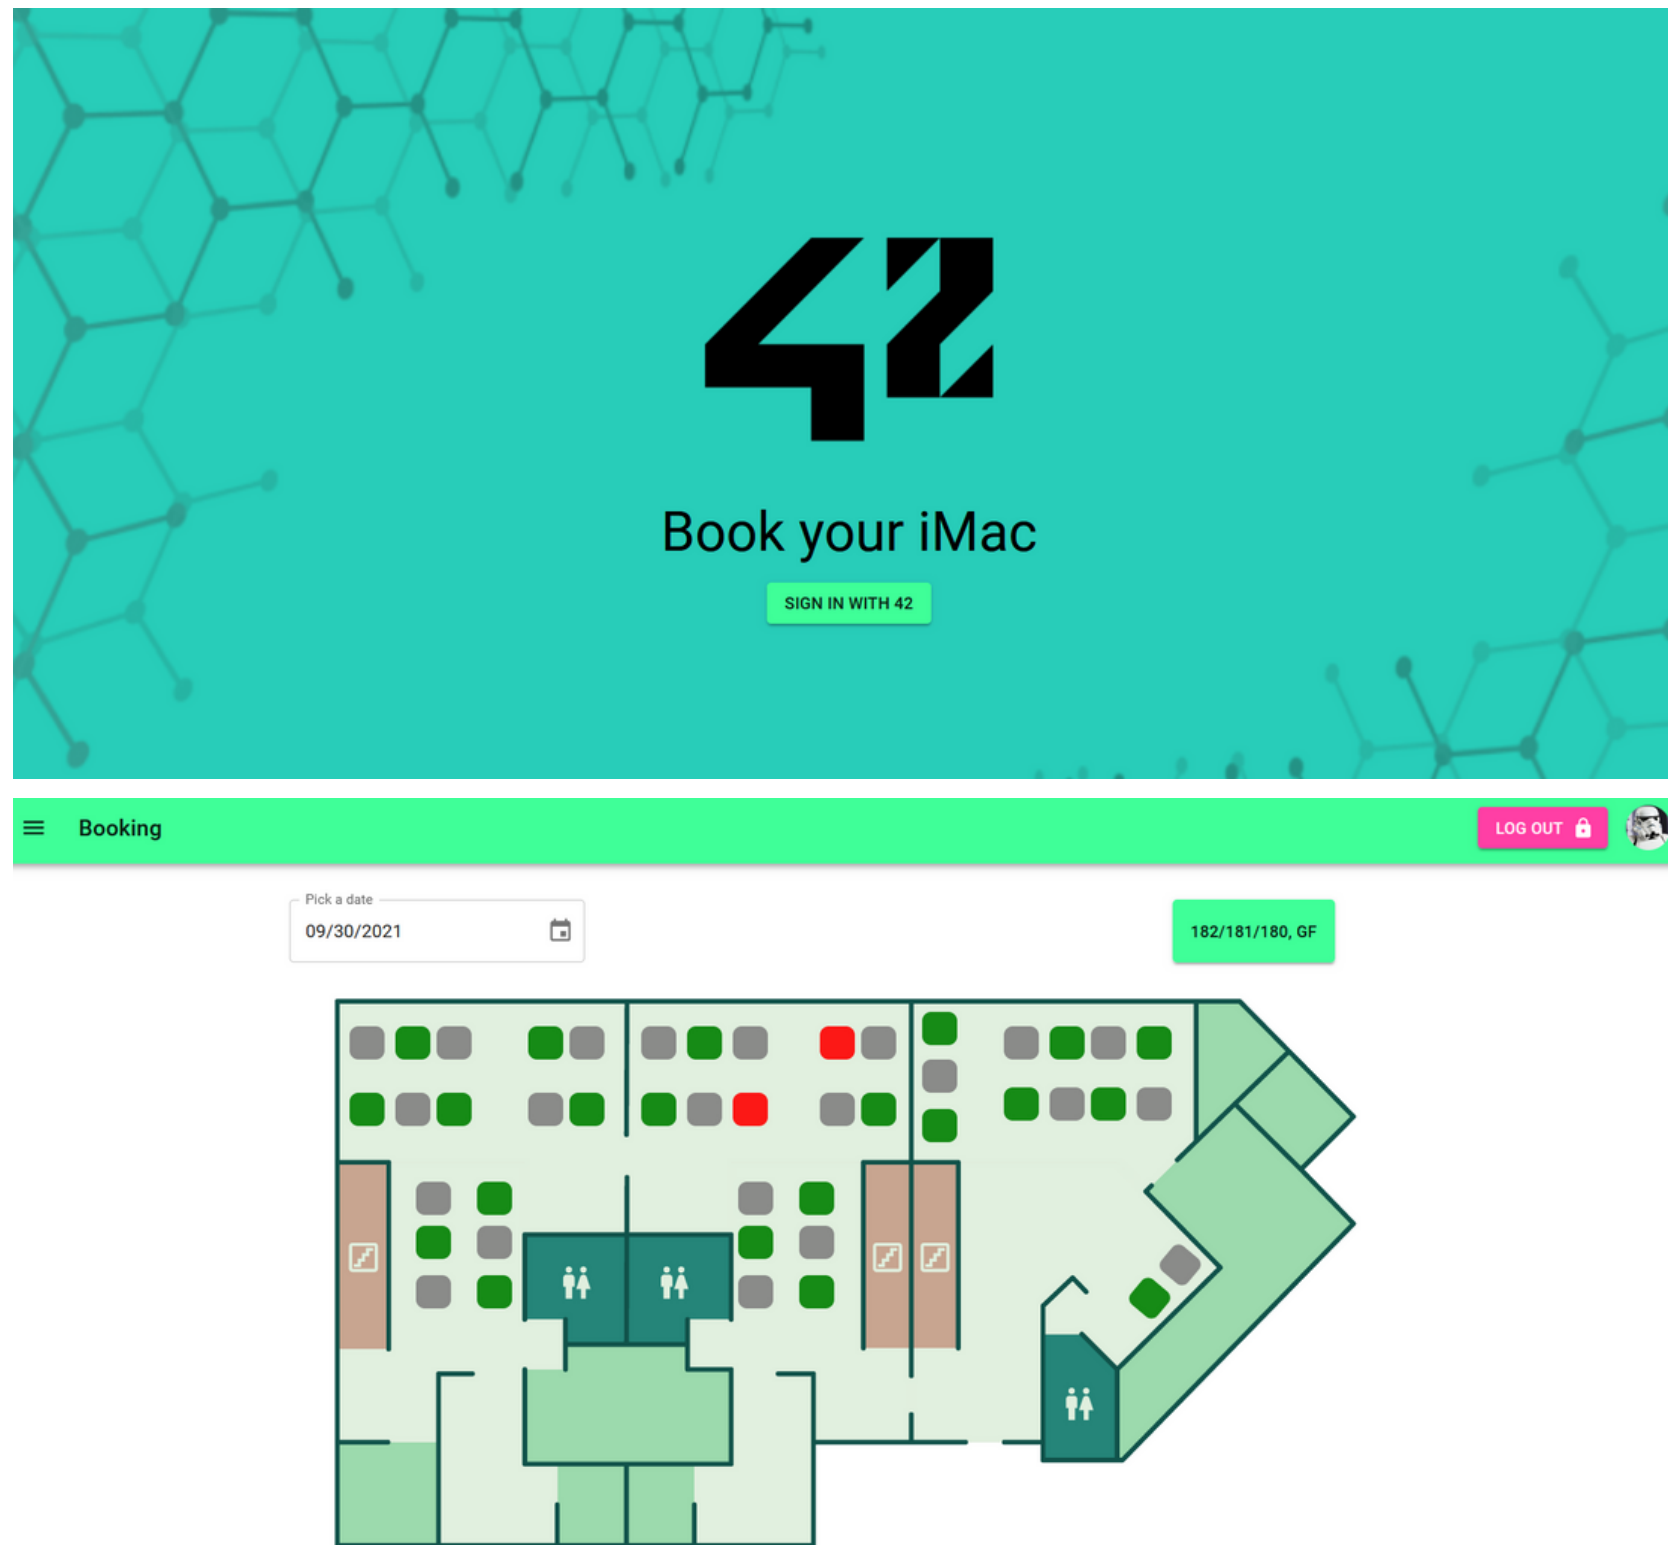

With the MCO restrictions easing in the area, we are now in the midst of preparing to re-open our 42KL campus soon.

Of course, measures will be in place in line with the Covid-19 SOPs. Hence, we are pleased to share that our Cadets are working on creating a booking system for the on-campus iMacs, so that everyone will be able to maintain a safe distance from each other while using the facilities.

We will provide further updates soon on when the campus will be officially re-opened. When all is running smoothly here, you will be invited to make your long-awaited visit!

42KL In-House iMac Booking System

The general idea for the iMac Booking System is that Cadets will be required to make a booking before they enter the campus to use an iMac. It would be similar to the experience of booking a movie ticket online before going to the cinema. Cadets would be able to view iMacs availability online, and ensure that an iMac is secured for their use before they physically enter the campus.

Ultimately, this system will be in place to ensure physical distancing while our Cadets are using the on-campus facilities.

Moreover, it is amazing to see the peer-to-peer magic happening while the Cadets are working on this side project. Although 20 of them are the main developers of this booking system, other Cadets are welcome to observe the work in progress and learn together at the same time. In the span of only 2 weeks, our Cadets have managed to create a working system for testing!

We would also like to share about a recent achievements of Ecole 42 in the **WURI Ranking 2021** (World's Universities with Real Impact). Alongside many well-known institutions i.e. MIT, Stanford, and Harvard University, Ecole 42 had been ranked **1st** in terms of **Ethical Value**, and **10th** in the **Global Ranking**. You can read more about this on the 42 Network's medium [here](#).

“At Sunway Education Group, we are elated for 42’s recognition in the World Universities with Real Impact (WURI) ranking, including emerging no.1 in the Ethical Values Category. Such recognition is a strong indication that this innovative peer-learning, project-based and industry-supported programme is not only of top quality, but will also serve to assure more students to sign-up at our 42KL campus. SEG, through the 42KL campus, aims to continue in our mission to provide young people, regardless of their backgrounds, with opportunities for quality education while ensuring a sustainable future for coming generations”.

Anchor Partner Project

We are also excited about the Anchor Partner Project, which would be our main focus for the remainder of the year.

The deadline to submit the Interest Form had been extended, and should you require more time to carry out internal discussions before submitting the form, feel free to let us know. We also look forward to any meetings that you would like to have with us together with any interested Business Units on your end.

As always, feel free to reach out to us if you have any queries. We will also be reaching out to each Anchor Partner for further discussions. Stay tuned!
